

Dandruff is Dangerous

When dandruff appears it is usually regarded as an annoyance. It should be regarded as a disease. Its presence indicates an unhealthy condition of the scalp, which, if neglected, leads to baldness. Dandruff should be cured at once. The most effective means for the cure is found in AYER'S HAIR VIGOR. It promotes the growth of the hair, restores it when gray or faded to its original color, and keeps the scalp clean and healthy.

"For more than eight years I was greatly troubled with dandruff, and though a young man, my hair was fast turning gray and falling out. Baldness seemed inevitable until I began to use

**Ayer's
Hair
Vigor**

The dandruff has been entirely removed and my hair is now soft, smooth and glossy and fast regaining its original color."
—L. T. VALLI, Alton, Mo.

Morning Times

PETERBOROUGH, OCTOBER 20, 1898

TOWN AND COUNTY NEWS.

Boy Wanted.
A good smart boy to learn the printing business. Apply at the Times office.

Bad News for Muskoka.
Instructions from Muskoka and the north to the Game Department, Toronto, are to the effect that game is very plentiful, but the season will not be good. It is now two weeks before the opening of the season and the leaves are still upon the trees and will make hunting nearly impossible.

County Maps.
There are only a few of the new maps of the County of Peterborough left, and all who require one should procure it at once. In order to clear out the balance on hand they will be sold, hand-somely mounted, for \$2 each, and on paper 50 cents each. Apply at Times Bookstore, Peterborough.

Buried in Beethwood.
The funeral of the late Mrs. Margaret Romaine, who died Tuesday, was held Thursday afternoon from her late residence, O'Connor street, Ottawa. Interment took place in Beethwood cemetery. A number of friends attended. Rev. Mr. Herridge of St. Andrew's church officiated at the service. The deceased lady was the wife of the late Robert Romaine, formerly publisher of the Review, of this place, and a sister of the late Hon. Thomas White.

All for 10 Cents.
Have you seen a copy of the new monthly publication entitled "Music, Song and Story"? If not, get a copy, don't let the chance pass— you will be delighted as it is a large journal containing some of the best literature (not ordinary articles) and music and words for five local pieces and five selections of instrumental music. We have not space to say more here, but call at the Times Bookstore, Peterborough, and leave your order, and we will give you further particulars.

Mrs. Ballington Booth's Experience.
Mrs. Ballington Booth, of "The American Volunteer," is writing out her experiences in American prisons, and in the slums of New York, for "The Ladies' Home Journal." Mrs. Booth has perhaps come closer to the lives and confidences of the men and women in prison, and to know the poor better, than any woman living. She will not only tell what she has seen, but she will point out what her experience has shown her to be the most effective way in dealing with the people of the prisons and the slums.

Bargains in Fancy Goods and Stationery.
In order to make room for our new Xmas goods, we will sell all goods now in stock at greatly reduced prices for the next thirty days. We must have room, and will sell all lines at wholesale prices. We have the latest games, the prices which are also reduced. In stationery we have a fine stock; come and see for yourself. Your choice of a dozen different kinds of cards, stationery and composition books. Six books containing 100 pages each for 25c. Three large scribbled for five cents. Times Bookstore, Market Block, Peterborough.

How E turned Home.
Capt. Maurice Lane, who has had charge of the steamer, City of Peterborough during the past season, left yesterday accompanied by Mrs. Lane for their home in Lindsay.
During the captain's stay amongst us, he has won for himself the highest esteem for the very courteous manner which he displayed while in charge of this popular boat. He was at all times attentive and obliging to the many persons who enjoyed the trips down the Ottawa during the past season, and we are all pleased to know that Commodore Calcutt has again offered Capt. Lane the same position next summer. Mrs. Lane, who was also on the City this year made herself very popular with the excursionists and others, and leaves Peterborough with the good wishes of the patrons of the Rice Lake waters.

If you want shoes for kid's call at Kidd's New Shoe Store

HE IS INSANE

Everett May of Havelock is said to be not of a sound mind.

Everett E. May, of Havelock, is in safe keeping in the County Jail, from which place he will be taken on Saturday morning to appear before Magistrate Dumble on a charge of being insane.

Young May's case is a rather sad one and will no doubt come as a great shock to his parents who are highly respectable farmers near the village of Havelock.

About 4 a.m. yesterday morning Officer Stewart who was on duty at the Police Station, received a telephone message from the C. P. R. station, to proceed to that place at once and arrest a crazy man who was cutting up at the ferocious rate around the station house. The unfortunate crazy man on hearing the message being sent to the Police Station shot out of the C. P. R. station in his bear head in the rain, and Officer Stewart being made aware of this fact, expected to encounter him on the way up street. He did not, however, but after waiting for while at the station his victim re-appeared carrying a big stone in each hand. Officer Stewart took him man quietly and got him to come into the station house. Then he consented to go with the officer to the Police Station where he was securely placed in one of the cells.

He talked freely to the by-standers and told them his name, which turns out to be correct, and stated that he was coming from Orillia to his home in Havelock. His action while in the town and after he was locked up were however, of the most foolish kind.

He was brought up before Magistrate Dumble yesterday morning and was remanded until Saturday.

Constable Williams of Havelock, who came to town last night with a prisoner named Upton, at once recognized young May, and stated that he was never known to have gone astray in his mind before. He is a fine-looking young fellow of 19 years of age and is the son of Mr. Wm. May, a well-to-do farmer of Havelock.

FOUND GUILTY

Thos. Beck Will Go to the Central for Two Years Less One Day

A case that took up a great deal of time at the Police Court yesterday was that against Thos. Beck and his little boy who were charged with stealing a watch and some other things from the premises of Mr. John Butcher two years ago.

Chief Roszel has been quietly keeping his eye on the matter and found the time here in the jewelry store of Messrs. Clarke & Gibson.

When the case came up yesterday Daniel O'Connell, who appeared for the prisoners tried to prove that the watch in question, was found by the boy in the drill shed a couple of months after the burglary.

The evidence was such as to show this statement was false.

The magistrate in summing up the evidence, stated that the watch was proven to be the one that was stolen from Butcher's store, and the prisoners had not given a satisfactory account of how it came into their possession.

He found them guilty and sentenced Beck to two years less one day in the Central and the boy will be sent to the Victoria Industrial Home.

"Woman's Hope"

Explains the secret of True Womanhood. Tells how weak and ailing women may regain health and strength. Describes a system of private home treatment which never fails. The truth told in plain words. Interesting alike to young and old, married or single. Sent sealed in plain wrapper. Write for FREE information how to get cured. "Woman's Hope" tells it all. Address: THE N.S.M. COMPANY, Picton, Ontario.

Kidd the booter is selling cheap

PERSONAL AND SOCIAL

Mr. and Mrs. Wm. Irwin are visiting in Chicago.

Mr. J. D. Thornton, of Oshawa, was in town yesterday.

Mr. J. W. T. Fairweather is down from Toronto for a day or so.

Mr. Wesley Walsh, of Millbrook, was in town yesterday.

County Magistrate Edmondson was in Havelock yesterday on business.

Mr. D. W. Dumble leaves to-day for a couple of weeks outing in the north country.

Mr. D. A. Shaw returns to Toronto to-day, after a short business stay in Peterboro.

Mrs. T. Emerson, of Ixonia street, left yesterday for a month's visit with friends in New York.

Mr. R. Furze, of Toronto, auditor of the Grand Trunk Railway, was in town for a short time yesterday.

Mr. Will H. Armstrong, of Kingston, is in town on a couple of weeks' visit to his parents, Sheridan St.

Hastings St.—Miss L. and Mr. Fraser, of Peterboro, were the guests of their brother, Mr. T. Fraser, on Sunday.

Misses L. and M. Fraser, of town, have returned from Hastings, where they were visiting their brother, Mr. T. Fraser.

By Mr. McCabe's removal from town the local band will lose one of its leading musicians and will find it hard to get one to replace him.

Mrs. J. E. Low, wife of a former principal of the Collegiate Institute, arrived in town yesterday. She is to address the ladies of St. John's church Friday evening.

Mr. W. Lounsbury, Provincial Inspector of colonization roads, has been inspecting the roads under contract in North Bay. He will next pay a visit to Galway and Cavendish townships.

Lindsay Post—Miss Louise White, who had been visiting Peterboro friends, for a couple of weeks, has returned home.

Mr. J. B. McWilliams, crown lands agent at Peterboro, was in town last evening.

Peterboro was visited yesterday by a couple of prominent railroad men. They were General Superintendent Meritt and Mr. W. R. Tiffin, Super-

intendent of the Northern Division, who went out to Lakefield and after returning to town left for Lindsay.

LOCAL BREVITIES

Happenings in the Town and District During the Past Twenty-Four Hours

—Storm doors are going up.

—The Roy Hunting party leave for the north to-day.

—Winnipeg hockey enthusiasts propose erecting a mammoth rink, to be ready for use this year.

—Westlake & Powell is the name of the livery business lately carried on by Mr. Chas. Westlake, on Water street.

—There was a false fire alarm sounded at half past eleven o'clock yesterday morning. The brigade did not turn out.

—Between 150 and 200 hogs were brought into town yesterday for the Geo. Mathews & Co. They were bought by Messrs. Stewart & Stables buyers for the Mathews Co.

—The Royal Troubadours Co. did not put in an appearance on Tuesday evening. It is reported that the unexpected disappearance of one of the members from Orillia with the strong box accounts for their non-arrival.

—The Chief Police is in possession of a library book, from the Murray Street Baptist Sunday School library. The book was found hidden under the sidewalk on Murray street near the drill shed, and the person who left it there, can have same by calling at the Police Station.

—The Executive of the Provincial Sabbath School Association was in session at Toronto yesterday, and completed arrangements for the meeting at Peterboro on Tuesday, Wednesday and Thursday of next week. Many prominent speakers will be present, both from Canada and the United States and a bright and successful convention is expected.

HE GOES TO THE REFORMATORY

Young Grievs Who Stole the Horse Near Newwood is Sentenced

John and Daniel Grievs were up on Tuesday, at Newwood before Magistrate Edmondson, on a charge of horse-stealing.

There was not any evidence that could in any way connect Daniel with the crime, and he was accordingly acquitted. John, however, was not so fortunate and was sentenced to an indefinite term in the Reformatory.

He is a very young prisoner, being only thirteen years of age and could conceivably at that with as much ingenuity as a man many years older.

It will be remembered that the horse had been left attached to a stonepost in a field, and when the owner returned a few minutes later it was gone. Shortly afterwards the horse was offered for sale in Newwood.

Found Drowned

The body of a (gun named Milo Haight, was found in the water at Port Hope. He was first seen by the officials of the North King. Subsequently an inquest was held and a verdict of accidental death preferred.

One Year in the Central

County Magistrate Edmondson was in Havelock yesterday afternoon, sitting on the case against James Upton who was charged with breaking into several stores in that village.

Mr. R. E. Wood appeared for the Crown.

Upton was found guilty and sentenced to one year in the Central Prison.

Constable Williams of Havelock, brought the prisoner back to town last night.

Accident at the Peter Hamilton Works

Mr. Reg. Watt, of the Peter Hamilton Works, was injured yesterday morning by having the first finger of the right hand smashed. Mr. Watt had occasion to go to the blacksmith shop to dress a tool and was requested to help with some heavy work. When thus engaged his finger was jammed in some machine. He will be unable to use his hand for some time.

Ballway and Steamboat Notes

—The Alice-Rhéal, which left Lindsay for Deer Bay, below Buckhorn, nearly a week ago for several scowloads of wood, is stranded, owing to low water, and may have to winter.

—The Grand Trunk Railway opened their new elevator at Midland City yesterday morning. The capacity of the new building is for one million bushels of grain, and is one of the largest as well as the best equipped elevators in Canada. Among the officials present were General Superintendent McGuigan, Divisional Freight Agent Arthur White, and Superintendent McGuigan, of the Northern Division.

—President Pusey has kept a gang of men steadily at work on the B. & O.R.R. extension all summer, and has completed five miles of the road. The terminus is now within two miles of Hanroft.

Engle's Notes

There was a good Rugby practice yesterday afternoon on the P. A. A. grounds. To-day there will be a practice game at 4.30, Colts, vs. Seniors which ought to prove interesting.

Toronto News—Alfred Tobin, the shortest Canadian football player, is causing the local clubs a lot of worry. A despatch from Montreal stated that the great player had left McGill for Trinity Medical College, Toronto, and as a result Argonaut and Trinity representatives have been falling over each other in an endeavor to locate their man. An item in the Montreal Herald has Tobin at the Queen's Medical College, Kingston. He is said to have arrived in the Limestone City on Monday.

Trinity men claim that King, Farmer and Bedford Jones form the fastest and strongest half-back line playing in the intermediate series of the Inter-Collegiate Union. Hart and Caldwell, of the R.M.C. line, are also two good ones.

SUCCESSFUL AT LAST

"I was a sufferer from neuralgia in my side, and headaches. I followed numerous prescriptions without benefit and was persuaded to try Hood's Sarsaparilla. When I had taken only one bottle I realized it was doing me good and I continued taking it until I was cured." Mrs. Carrie Price, Georgetown, Ontario.

Hood's Pills are the favorite family cathartic. Easy to take, easy to operate. 25c.

Serofula is Snake-Like

In its subtlety. It lies hidden for years in the ambush of the blood, and when it strikes it voids its venom alike on strength and beauty, disfiguring the one and undermining the other.

Ayer's Sarsaparilla

Is a specific for serofula in its worst and most malignant forms. Serofula is a blood disease. Ayer's Sarsaparilla is a blood purifying medicine. Mineral medicines only drive serofula below the surface. Dr. J. C. Ayer's Sarsaparilla is a vegetable remedy and it eradicates the disease. There is no remedy for serofula equal to Ayer's Sarsaparilla.

"I was cured of a long-standing case of serofula by Dr. J. C. Ayer's Sarsaparilla. The disease first manifested itself when I was a child, by breaking out in red blotches all over my body. I was not free from the trouble until I took several bottles of Ayer's Sarsaparilla. That effected a permanent cure."—Mrs. E. H. Burton, Lehigh, Pa.

Morning Times

PETERBOROUGH, OCTOBER 21, 1898

TOWN AND COUNTY NEWS.

Port Hope Guide.—Mr. Ed. Phelan, Peterborough, with a couple of ladies from that fair town, were noticed here today. Mr. Phelan is a very vigorous and energetic man, and he was when he sold his property for a post office and the other fellow got the start of him.

Pleasuring Watch.—The annual competition under the auspices of the Central Ontario Pleasuremen's Association will be held on the farm of Mr. Hugh Ross, about one mile from Peterborough, on Wednesday and Thursday of next week. Prizes will be awarded in three classes, amounting in all to about \$80. The rules and regulations will be published in the next issue of the paper. Judges and pleasuremen will be furnished with lunch and horse feed free of cost.

Wedding at Hawker.—Mr. W. J. Chapman, conductor on the C.P.R. and Toronto, and Mrs. Smith's Falls and Toronto, and Mrs. Fuller, a charming young widow of Hawker, were married last evening at the Methodist parsonage in that village. The ceremony was performed by the Rev. J. H. Payne, having very quietly. Both the bride and groom were well known and are very highly respected. They will make their home in Smith's Falls.

The Deer Season.—The C.P.R. and G. T. R. are making extensive preparations for the opening of the deer shooting season on November 1st. Many enquiries have been made from points in all parts of the United States and Canada. The indications are that the deer season business this year will be the heaviest for a long time. Game is reported as never being more plentiful. An unprecedentedly large number of American clubbers will be over for the fifteen days' season.

A Few's Experience.—It was a rather peculiar accident that happened on Thursday afternoon to a cow belonging to Dr. King, when she fell into a sewer trench some ten feet deep. The accident occurred at 7 o'clock in the evening and it was 3 a.m., and it was next morning before she was released from her imprisonment.

The doctor is having some excavation done in connection with his sewer and the rock by some unknown means fell the narrow trench. It took no considerable amount of trouble to get her out and the probabilities are that she won't go there any more.

The News From Campbellford.—One day recently, while Mr. Louis Cook, fishery overseer of the Trent river and its tributaries, was going his rounds, he came across three unlicensed poachers in the water at Percy Boom. He signalled them into his boat, and the poachers thereof are the losers. Mr. Cook will no doubt make it warm for poachers who operate at any time and by any means, at Percy Boom, Healey Falls, and other points along the river.

The New Barber Shop.—A barber shop that is up-to-date in every particular, and which is bound to win for itself a liberal share of the trade, is that of Mr. T. A. Murphy's in the Overend Hotel building, on Simcoe street. Mr. Murphy prides himself in having everything in his shop new, from the big easy chair, to the razor, to the hair off the customer's face. The shop is finished in imitation of oak, and the chairs and other furniture are in oak to match. Mr. Murphy has everything in latest ideas in the toilet line, and is the only one in town that has J. C. Murphy's Celebrated Dandruff Cure. A pair of shampoo mitts is the latest thing in this line and is worth while trying. With such a complete outfit, and with Mr. Murphy's long experience in the business he is well able to give his customers the worth of their money.

SPORTING NOTES

What is Going on in Local and Outside Sporting Circles

HOCKEY.
The Bobcaygeon hockey club will meet for re-organization on Monday evening. The northern boys are going into the game in good style this season.

LACROSSE.
Orillia News-Letter.—There is trouble on the horizon of the lacrosse world in connection with the senior championship of the C.L.A., for the Seaford team have protested the game Orangeville won from them at Brampton last week. As soon as the Dufferins, of Orangeville, has defeated the Seaford team, President Lennox, of the C. L. A., ordered Orillia and Orangeville to play the final match in Toronto on the Rosedale grounds last Saturday, but the Seaford complaint necessitated a postponement of the game. It is expected that the protest will be settled not later than Saturday, and the boys expect to go to Toronto probably Tuesday or Wednesday of next week.

RUGBY.
Everything is in readiness for the game this afternoon between the local Hope town team and the local Colts. The ball will be kicked off at 3.30 and if the weather is at all favorable there will be a big crowd to witness the match. The Colts team will be as follows:—Back—Garnet Bell. Halves—F. McGrath, Hollingshead and Norman Bell. Quarter—Brundrette, F. Burnham, and Ross Dobbin. Wings—Bob and Alex. Collins, Geo. Burnham, Stanley Bradd, Roy Morgan, E. Mabey, and "Wallie" Robinson. Strikers—S. Hall, P. Cronley, and N. Rush. Mr. A. L. White of Osgoode Hall, will likely referee.

HARRY WILSON'S SAD END

We Died From Injuries Received While Crossing the Atlantic

The public will learn with much regret of the sad fatality that befell Mr. Harry Wilson, who was well known in town and who left Peterborough for England about the middle of last summer.

Smith left Montreal for the old country with a young man named John Fleming, who was a very well known here and when about mid-ocean, Smith who was lying in his bunk was struck recently in the abdomen by a heavy article which fell from above where he was sleeping.

He suffered great pain for a few days and subsequently succumbed to his injuries. He was buried in deep cold waters of the Atlantic.

The news of the sad affair was sent to Mr. John Hawkins, Hunter street, town, by the man Fleming, who was accompanied Wilson. Deserved was very popular and his end will be deeply regretted by Peterborough people.

He was a prominent member of the 57th Batt. band. His parents live in Welland county and while in Peterborough Wilson was employed with the Wm. Hamilton Mfg. Co.

Consider the very unfavorable weather.—A good sized house, the A. Q. Scammon, Cor. in the big realistic production "Side Tracked." The play was well worth seeing and each member played his part to perfection. They can always rely on getting a good house when they come to Peterborough.

Charlotte Street Church To Morrow.—The services in the Charlotte street Methodist church tomorrow will be conducted by the pastor, Rev. J. O. Cronley. The morning subject will be "A Condition of the Heart Which Produces Rest." The subject in the evening will be "Divine Legislation for the Ear, the Tongue, and the Temper." The choir under the direction of Miss Stevens will render excellent music at both services.

Let the Damed Water Off.—The Bobcaygeon Independent says:—The Esturian has great difficulty in reaching Bobcaygeon and Lindsay on account of low water. This should not be, while it is reported that the lakes north, and especially Balsam, are overflowing. A quantity of water is being dammed for the purpose of protecting the dams from fire, but the present rains have stopped all danger.

New Designs in Cushions at MISS MELVILLE'S, Hunter-st.

The Exercise Bore is—"No exercise," says a physician, "equals walking as a health-giver and a life-saver. I don't suppose that out of ten thousand persons a hundred can walk twenty miles a day. And yet every adult ought to be able to do so. Prolonged rest weakens every part of the body. Try it, not as a necessity, but as an exercise. Get out every morning and walk. Your feet should be shod with care. Wear good walking shoes. Be sure and have room in the shoes for each toe to perform its function, and see that the shoes do not slip at the heel. Wear thick woolen stockings and see that they do not crease or bind. For a person unaccustomed to exercise let the first walk be three or four miles, leisurely taken. Add a half mile every other day. Keep it up for three weeks and you will be able to walk twenty miles a day easily and without fatigue. You will see the difference in the muscles of your limbs, will feel stronger in every part of the body, and your mind will do its best work."

Try McQuay's delightful pastery and confectionery. Opposite Adam Hall's, George St.

LOCAL BREVITIES

Happenings in the Town and District During the Past Twenty-Four Hours

—Beaverton is to have a curling rink.

—See the 25 cent bargain window in Times Bookstore.

—There are a number of cases of typhoid fever in town at present.

—The large crop of nuts this fall is taken by some to indicate a hard winter.

—Midland Board of Trade has been reconstituted after an activity of five or six years.

—A lady pupil was forcibly ejected by one of the teachers from his room yesterday afternoon for bad conduct.

—When we are young, said the philosopher we think money is everything. When we are old we know it is.

—A partridge was seen in Inverlea Park yesterday by some boys. It's a caution what you see when you have no gun.

—Orillia is to have a young Liberal Club—not the bald-headed variety but a club composed of young men under 30.

—25 sheets of the very best quality of writing paper, either ruled or plain, for seven cents, at the Times Bookstore today.

—The coffee dam being built below the lock on No. 1, will soon be finished and a large number of men will be employed in taking out the bed of the river.

The address which was to have been given in St. John's school house last night, was postponed until Monday evening, owing to the disagreeable weather.

"Well," said the Yankee drummer as he strolled into the saloon of the National Hotel. "I guess there are plenty of black men down South but the proprietors of this hotel are white."

—The Tweed News insisting a row never the fact that the Ontario Government has appointed issuers of deer hunting licenses, in almost every other town and village in the province except Tweed.

—So Mrs. Laing has turned her husband into a dude, dangled the much married man as he lit his cigar. How did she manage that? queried his wife. Well she made his check small and his eye smart.

—The tremendous squash grown by Mr. Silas Walverly Realer, and which he let it be done to pleasant draughts. When you drink let it be nothing but pure water. Well Made and Makes Well

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all serofula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. 51c; 51c for 60c.

Hood's Pills

Cure all Liver Ills and Biliousness. 25c.

PERSONAL AND SOCIAL

Mr. Dan McCabe has arrived home from Western Ontario.

Mr. James Stewart, of Hamilton, has been in town visiting Mr. J. W. McLeod, of the Y.M.C.A.

Mr. Williamson, Secretary of the Y. M. C. A., has been in Brantford, where he acted in the capacity of beat man for his brother, who was recently married.

Lindsay Warden—Miss Wood, of Peterborough, who has been attending a typhoid fever case in Fenelon passed through town on Thursday of last week to Peterborough having taken the 11 o'clock train.

Mr. J. McAdam, of the R. A. Lester Co., Montreal, arrived from Lindsay last night. He has placed another of the separators with Mr. J. H. Payne of Lindsay.

A Narrow Escape.
While a man named O'Keefe, was excavating a drain on Dr. King's property a sudden cave of the soil half buried the poor chap. The doctor being at the spot was able to attend to him at once, and reports that the patient is doing well. Nothing like having a doctor at the spot and he heartily congratulates Mr. O'Keefe and his narrow escape from being buried alive.

TO KEEP OUT THE COLD

CHANGEABLE WEATHER
throws the human machinery out of gear and renders it more susceptible to prevalent ailments.

After a "muggy" period the first cold day "strikes home," unless the system is well fortified by strengthening, stimulative nourishment, of which the most perfect form is

A Common Cold

and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

R. HAYDEN, M. D., Saratoga, N. Y., says:—

"I have used Ayer's Cherry Pectoral in my practice since 1853, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

Ayer's Cherry Pectoral

Free advice on any disease from our eminent physicians. Address: Medical Department, J. C. AYER CO., Lowell, Mass.

Morning Times

PETERBOROUGH, OCTOBER 24, 1898

TOWN AND COUNTY NEWS.

Successful Hunters.
Mr. Harry Neil's hunting party consisting of Col. J. Z. Rogers, and Messrs. Max Poussette, J. B. O'Dette, Albert Talbot and W. L. Allen, returned to town Saturday. The party spent a week at Mr. Neil's cottage, Rice Lake, and secured 53 wild ducks.

Assistant Inspector Taylor.
Mr. J. W. Taylor who for some time was acting manager of the local branch of the Bank of Montreal and who was afterwards promoted to the position of Manager of the Deseronto branch has been appointed to the position of Assistant Inspector of the Bank. Mr. Taylor's many Peterborough friends will be pleased to hear of this promotion.

Edward Got Two Months.
Matthew Edwards of Otonabee, was taken from his lodgings at Castle Newell on Saturday morning to answer the charge of having stolen a horse from Joseph Larue. He pleaded guilty and was given two months in goal. Matthew won't get on a "toot" again in a while.

A Big Thing.
The American Census Association meet of 1900 is to be held in Canada, and the choice will be between Muskoka, Stoney or Pigeon Lakes. This is a matter that should receive the attention of our people. It means that hundreds and probably thousands of capitalists will attend the meet, and what cheaper advertisement could we get than this?

Light Weight Bred.
A suburban merchant yesterday called the attention of a Times reporter to the light weight of some of the bread sold in Peterborough. He weighed the contents of his bread bought and found every loaf was under weight, some being as much as half a pound short. He thinks the police should look into the matter.

Church Notes.
In St. Paul's church yesterday morning, Mr. Watt, of Montreal, sang a solo in excellent style. Mr. Knowlton of Montreal rendered a solo in the evening.

In the George street Methodist church last night Mr. James Brown rendered a solo with good effect. In St. Paul's church yesterday morning, Mr. Dawson rendered a solo "Benedictus to God" in a very creditable manner.

An Interesting Event.
A wedding of interest to many in town was celebrated in Claude (on Wednesday, last, when Miss Beatrice Cox, formerly of Peterboro, was married to Mr. J. A. Black, of the City Solicitor's office, Toronto. The ceremony was performed by Rev. Geo. Washington at the residence of the bride's brother-in-law, Mr. Emerson.

The bride was attired in Cuban blue and was unattended. The gift from the groom was a handsome gold watch and chain. Peterboro friends will wish Mr. and Mrs. Black many years of happy wedlock.

Navigation Notes.
—The steamer, North Star, is loading lumber at Keene, to be taken to Trent Bridge and then to Marysburg. —Complaints are made about the low state of the water in the Little Lake, the water having been let out to facilitate the building of the approaches to the canal.

—The Ellipses and Beaver and Beaver brought a large number of passengers to town on Saturday on their regular trips.

—The water in the Otonabee river is very low and the steamers Holope Beaver and North Star could not get up any further than the locks on Saturday.

—Mr. Burnett's steamer Rainbow, was up to Peterboro on Saturday. She is one of the fastest boats on the Rice Lake waters.

Exemption from taxation does not amount to much if you save money by getting your shoes & rubbers at Kidd's

THE COLTS WON

The Port Hope Boys Were Defeated by a Score of 3 Points to 0

The local Colts won their first victory this season, on Saturday afternoon when they defeated the Port Hope High School team by a score of 3 to 0.

The rain which started on Friday morning did not let up till Saturday noon, and the grounds were therefore in a rather slippery condition. The result of course was that falls were numerous on both sides and the spectators seemed to enjoy this as much as anything part of the game.

The visitors were to have arrived in town on the morning train, but as only half the team was at the station when the train pulled out, they decided not to come with half the required number. Then they thought of an idea: when they mustered their team together they decided to take "Brits" train to Millbrook and drive from that place in, as there is no way of getting any nearer Peterboro by rail, until the evening train.

It was about three o'clock when the boys from the south arrived, having driven through rain and mud for several miles.

The crowd at the field was rather small but was no doubt owing to the threatening appearance of the weather, but those who took in the game, however, did not allow the damp weather to dampen their enthusiasm and when one of the local boys made a good play the spectators did not fail to notice it. Hollingshead and McClellan showed up in excellent style and were to a great extent responsible for the brilliant victory the Colts won. For the visitors, Hayden, was by far the swiftest man on the team, and they would indeed, have suffered a more crushing defeat had it not been for him. Mr. Al. White, of Osgoode Hall, refereed the game to the entire satisfaction of everybody.

At 3.30 o'clock the teams lined up as follows:—

PORT HOPE.

Back—G. E. Mayhew.
Halves—R. Hume, C. Haden, W. Wood.

Quarter—McLean.
Scrimmage—H. Wood, J. Hamilton, and B. Alcott.
Wings—H. Derell, A. J. Lamb, Burton, Race, W. Baret, J. Thompson and S. Sutton.

COLTS.

Back—Garnet Bell.
Halves—P. McGrath, Hollingshead, and N. Bell.
Quarter—A. J. McClelland.
Scrimmage—A. Brundrette, F. Burnham, and Ross Dobbin.

Wings—Bob and Alex Collins, George Burnham, Harry Morgan, Stanley Brad, Wally Robinson and E. Mayhew.

The visitors had the advantage of the wind in the first half and put up a stubborn fight. When half time was called the score was 1-0 in favor of the home team. After the ball was kicked off again the local men went into the game with a rush and succeeded in running up the score to 3-0 before time was called.

The shades of darkness were beginning to set in as the usual cheer was given, and the Colts went home well satisfied with the game they put up.

LOCAL BREVITIES

Happenings in the Town and District During the Past Twenty-Four Hours.

—Oysters are gaining flavor.

—Partridges are plentiful this season.

—The market on Saturday was light on account of the rain.

—The Times Bookstore has just opened out a large stock of fancy goods.

—A good advertisement in a good paper will always bring good results.

—The water in the river is very low—so low that some of the mills have been obliged to shut down.

—The Dickson Co.'s lumbering operations are extensive this season. About 200 men are back in the camps.

—Angus Dringie, aged fourteen, of Belleville, Ont., was accidentally shot in the abdomen at Maryburg Bay Thursday. His recovery is doubtful.

—The G. T. R. bridge building department's gang of men are now engaged overhauling the Howden bridge on the Mining Link.

—The Dickson Co. made a shipment of one hundred thousand feet of lumber to New York last week. It consisted of six car loads.

—The Feder Hamilton Co. are making big shipments of their turn-out trucks and other machinery to Mesford and other northwestern towns.

—The hotels are well filled at present with commercial men. The knights of the grip are displaying their fall and Xmas gifts and sample rooms are at a premium.

—The Str. Alice Ethel, reported as having been stranded in Deer Bay, below Buckhorn, reached town yesterday with a heavy tow of cordwood. The trouble occurred at Buckhorn where there was not sufficient water to float her over the lock all.

—The Morning Times invites all its readers to contribute to its columns all items of a personal nature such as the arrival or departure of guests, and movements of people, their sickness, recovery, accidents, etc. (All that is required to send a post card to or telephone the Times.)

—At Havelock the other day three trains were put off a C. P. R. freight and they manifested their displeasure by drawing revolvers and firing into every car as the train pulled out. Detective Ross came down from Toronto to investigate, and at Peterboro collapsed a train who was stealing a ride on the Kilmike flyer. Some of these werry Willies are dangerous customers.

Bargains in Fancy Goods and Stationery.

—In order to make room for our new Xmas goods, we will sell all goods now in stock at greatly reduced prices for the next thirty days. We must have room, and will sell all lines at wholesale prices. We have the latest games, the prices which are also reduced. In stationery we have a fine stock; come and see for yourself. Your choice of a dozen different kinds of exercise, dictation and composition books. Six books containing 100 pages each for 25c. Three large notebooks for five cents. Times Bookstore, Market Block, Peterboro.

SATURDAY NIGHT'S FATALITY

The Charlotte St. Sewer Proves a Death-Trap for Con. Mahony

The sewer excavations on Charlotte street proved to be a death trap for a man named Con. Mahony, who was found in the deep trench, opposite Mr. Little's, with his neck broken, at 8 o'clock yesterday morning.

Mahony was seen at seven o'clock Saturday evening by some boys whom he asked to leave him up to Mr. Mahony's on Charlotte street as he was then in an intoxicated condition. He did not stay long there, and is supposed to have been on his way back when the accident occurred. How he came to be on the road at this particular place is a mystery but it is supposed he was crossing over from one side of the street to the other and not being aware of the open sewer, fell in head first. This must have been early Saturday night but he was not discovered until 8 o'clock next morning, when he was found by Mr. George Comstock.

No one appeared to know who the unfortunate man was. Coroner Bell was immediately notified and after viewing the remains decided that an inquest was not necessary. The remains were taken to the undertaking establishment of D. Bellegum, and they were afterwards identified as those of Con. Mahony.

He is a married man and has a family, but has not been living with them for some time. Last week he was seen at Mr. Mahony's charcoal wood on a farm in Monaghan but it is not known what he has been doing of late. No arrangements as to the disposal of the remains have yet been made. (Later.) Coroner Bell has decided to hold an inquest and the same will take place today at 2 o'clock.

IS HE THE MAN?

The Chief of Police Received a Message From Tread and Made an Arrest

The Chief of Police early yesterday morning received the following message from P. O. Wilson, Chief of Police of Tread:—

Two young men boarded 55 at Havelock. One about 5 ft. 10-12, other 5 ft. 6, about 150 lbs. Supposed to be party who shot Perry here last night. Arrested and held.

Accordingly the Chief and Officer Stewart were on hand when the train pulled in, and seeing a suspicious looking character alight from the train he was seen prisoner. Upon being brought to the Police station, he was searched and a revolver was among the articles found on his person. It had one chamber empty. The man however does not correspond with the description as it was given in the telegram received from the Chief of Police at Tread, as the "gent" that ran away from the police here is only 5 feet 3 in height and weighs only 150 pounds, so that there is still great doubt as to whether the right person has been run down or not. The man who is arrested is well known to the local police, having served three months in this summer in the reformatory. He gave his name as McFee and said he was on his way to Hamilton. No further particulars have been received from Tread concerning the affair and it is not known whether the man Perry shot of his injuries or not.

A LARGE FUNERAL

The Remains of the Late John Timney Were Entombed Yesterday

The funeral of the late John Timney, son of Mr. Wm. Timney, carriage maker of Cavanville, took place yesterday afternoon from the family residence. The funeral was one of the largest ever seen in this district. It was attended by the Sabbath school teachers and scholars, the Millbrook lodge of Independent Order of Oddfellows, who were headed by the Citizens' band of Millbrook, the lodge of True Blues of Cavanville, followed by over one hundred rigs, which speaks very highly of the esteem in which the deceased was held.

He was very active in church and Sabbath school work and will be greatly missed by his associates. Mr. R. Booth of the S.M.B. Band attended the funeral playing with the Millbrook band.

All for 10 Cents

Have you seen a copy of the new monthly publication called "Music, Song and Story"? If not, get a copy, don't let the chance pass—you will be delighted as it is a large journal containing some of the best literature (not continued articles) and music, and words for five local pieces and five sections of instrumental music. We have not space to say more here, but call at the Times Bookstore, Peterboro, and leave your order, and we will give you further particulars.

Across the Continent

The C. P. R. Company's new transcontinental telegraph wire was completed within the past month, and at 5 o'clock on September 20th the first message was flashed from Montreal to Vancouver. The line passes via Vaudeville and the short line to Ottawa, and thence by the main line to the coast. The actual distance covered is about 2,900 miles, constituting probably the longest direct line in circuit for daily work in the world. To pass across this immediate distance signals occupy only one-fifth of a second.

New Regulations

The trainmen employed in the middle division of the Grand Trunk Railway are in a flutter over the report that the new train running rules adopted by the Grand Trunk system are to be put into effect at once. These rules, which are similar to those in use on the American roads, the Grand Trunk management decided to adopt nearly nine months ago, but the employees raised objections on the ground that they could not become familiar with them at once. The matter was even brought up in parliament, and the upshot was that it was decided to give the trainmen time to get used to the rules. Mr. Fitzgibbon, trainmaster of the division, has stated that the new rules would not be put in operation till all the employees were thoroughly conversant with them. Every employee on the entire system will have to pass an examination to test his acquaintance with the new rules. If a man, however, fails to pass, he will have another chance, and the railway company will, in fact, instruct the men themselves. All the men, though, will have to have a competent acquaintance with the rules.

MorningTimes

PETERBOROUGH, OCTOBER 24, 1898

TOWN AND COUNTY NEWS.

Cressman Leads

Mr. Cressman, the enterprising local dry goods merchant, is doing an enormous business, and means to keep the lead, now that he has secured it. He has an abiding faith in the virtue of printers' ink, and tells the thousands of readers of the Times of his stock. Mr. Cressman deserves the large patronage which is given him.

The Weather Prevented

Fort Hope Guide—On account of the inclement weather the High School rugby team were unable to journey to Peterboro to play the Colts of that No. 1 team. They would have maintained their reputation of the past had they gone and we bespeak for them better weather next time.

Does the Guide really not know that the Colts really came to Peterboro?

Railway Notes

Conductor Hewson and Brakesman Bell have been temporarily suspended by Supt. Tiffin, as a result of the smash-up at Beaverton last week. It is hoped they will be reinstated.

Business is exceedingly brisk on this division at present, and many train crews have steady employment. No grain is moving at present, but a vessel is expected at Midland (next week).

Freight business on the C. P. R. is booming these days.

An Important Decision

An employer sued G. F. Slater & Sons of Montreal for \$750, five days wages. The circumstances show that the employer had not given any notice of leaving, and he stated that he had trooped out with the union, which ordered the strike. The Judge gave judgment for the employer, holding that the employees must give a week's notice of leaving. This is an important decision, that will have a bearing to all parts of the country.

All for 10 Cents

Have you seen a copy of the new monthly publication entitled "Music, Song and Story"? Were Somewhere

A man named Gardner of Toronto, admitted sending out to creditors letters which resembled Division Court summonses, and which were calculated to deceive the recipient. A number of people owed him money, and he took this means to stir into action sluggish debtors. His little bits of blue paper, however, had a bonning effect. Three of the people he had dunned laid complaint against him, and he was fined \$10 and costs or 30 days in jail. He promised not to offend again.

Kidd the booter is selling cheap

The Lion Tamer's Trouble

Mrs. E. Plank, the lion-tamer, who was one of the attractions at the Exhibition last month, on Thursday accused her husband, Harry Bishop, of attempting to murder her. He, on his part, denies the allegation. Bishop is the son of wealthy New London, Conn. parents, who drowned him when he was seven years old. He was about to start for Yale when he was only 17 years of age. His attractions to a menagerie were the cause of the present trouble.

Many Peterborough citizens, who attended the Exhibition, will be interested in the above.

FIREMEN'S WINTER SUITS

A. MERCER & CO. GET THE CONTRACT AT \$17.50 PER SUIT

Mr. J. H. Yelland secured the contract for Building Suits for the Fire Department. The objection clause in the Market By-law re the compulsory Weighing of Meat on the Market comes up for discussion. The 5th Batt. Band are to have Their Quarters in the Town Buildings Renovated.

The town council met in Committee of the whole last night in the Clerk's office.

There were present Mayor Davis and Councillors Cobb, Denno, W. H. White, Robertson, Allen, Dawson, Best and J. M. White.

Councillor W. H. White acted as Chairman.

AN OBNOXIOUS BY-LAW.

The first matter brought to the notice of the council was the difficulty existing between the patrons of the market and the market clerk over the clause in the Market By-law making compulsory the weighing of meat exposed for sale. The evidence given in connection with the case, Bapine vs. Brown, and a letter from Police Magistrate Dumble, all relative to the question under discussion, and which appeared in a recent issue of the Times, were read.

The question created a considerable discussion and was finally disposed of by the following motion—

Moved by Councillor Robertson, seconded by Mayor Davis, that the Market Committee be referred to the market committee to personally look into the matter and report at the next meeting of the Council. Carried.

Next Saturday this Committee will visit the market and personally look into the working of the obnoxious clause in the By-law. Several extra scales will be supplied and the practicability of the By-law thoroughly tested.

FILTHY CATTLE PENS.

Councillor Robertson advocated having the floors of the cattle pens on the market covered and thus mitigate a much complained of nuisance. The consensus of opinion appeared to be that it was too late in the season to commence the work, and the matter was accordingly given a six months' hiatus.

BAND HALL RENOVATION.

A deputation from the 57th Batt. band, composed of Randmaster Glendon and Messrs. Crowe and Grange, appeared before the Council soliciting a grant for the purpose of painting, papering and generally renovating the band hall.

Moved by Councillor Denno, seconded by Councillor Robertson, that \$25 be granted to the 57th Batt. band for the purpose of renovating the band hall. Carried.

The Council were unanimous in granting this well-desired improvement.

THE MATTHEWS CO. AGAIN.

Mr. Matthews appeared before the Council asking permission to have a siding from the C. P. R. constructed along Wolfe street to the packing house of the Matthews Co.

This request brought up some ancient history—the suit of Laporte & Matthews, the loss of the squab between the town and the C. P. R. and the location of the freight sheds, and other disagreeable subjects, all of which had the effect of making the Council proceed cautiously.

After a thorough discussion of the pros and cons it was decided to have Mayor Davis arrange for a meeting between Mr. Leonard of the C. P. R. and the Council, when it is expected the matter will be finally adjusted. The Council then adjourned until the whole then adjourned and the

FIRE, WATER AND LIGHT

Committee went into session with Chairman J. M. White, presiding, and Councillors Cobb, Allen, W. H. White and Robertson present.

Tenders for winter clothing for the drivers and foremen of the Fire Department were presented from Messrs. W. J. Green, A. Mercer & Co. and R. Hall & Son.

After due consideration that of Messrs. A. Mercer & Co. at \$17.50 per suit, was accepted.

Tenders for sleighs for the Fire Department were opened as follows: Fitzgerald & Co., \$85.00; J. H. Yelland, \$100.00; J. Stanger & Co., \$120.00. The tender of Mr. J. H. Yelland being the lowest, was accepted. The Committee then adjourned.

BACK FROM THE NORTHWEST

Mr. Wm. Eyres, formerly of Mariposa Township, but now residing in Peterborough, gave the Town a two months' visit to the Northwest.

Mr. Eyres, formerly of Mariposa Township, but now residing in Peterborough, gave the Town a two months' visit to the Northwest. He spent most of the time in North Dakota, where he has under cultivation two sections of land, 1,280 acres. His crop was excellent. He threshed from his land under crop 23,000 bushels to which 21,000 was wheat and the remainder oats. He also has 640 acres in Souris district, Manitoba, but in this district the crop was not up to the mark, owing to dry weather the early part of the season, and the yield of wheat from the crop was only 1,900 bushels. But in other parts of Manitoba the crop was a magnificent one, but its value will be considerably decreased by the continued wet weather which prevented threshing. Of course unless wheat and other grains are carefully stacked there is certain to be a considerable loss and deterioration of the grain if there is much wet weather. Mr. Eyres travelled about 700 miles through Manitoba when returning home and he reports the country in a very thriving condition. Land is increasing in value, settlement is progressing, land is being broken up for cultivation at an unprecedented rate and there is every indication of a prosperous future. Unfortunately this year wet weather has had a depressing effect. It will, however, teach farmers a lesson for their future guidance. Very little additional labor is required to construct stacks that will resist protracted wet weather, and then if threshing is delayed by wet weather the danger of loss is reduced to a minimum.

INQUEST BEING HELD

Who is Responsible for the Death of Cornelius Mahony?

The Coroner's jury to inquire into the death of Cornelius Mahony, who met with a fatal accident on Saturday night in the Charlotte street sewer trench, assembled in the Council Chamber at 2 o'clock yesterday afternoon.

The following jurors answered to their names—Wm. Yelland, S. Jordan, W. J. Morgan, E. W. Little, T. C. Elliott, R. B. Phillips, P. Lee, T. Berrie, J. S. Knappman, W. H. Bradburn, F. Bartlett, C. N. Brown and C. Cameron. Mr. Wm. Yelland was chosen foreman. Crown Attorney Wood conducted the case for the Crown, E. B. Edwards appeared in the interest of the town and R. M. Dennistoun appeared on behalf of Contractor Begue.

After each one had taken the necessary oath, Coroner Bell explained to them their duties. It was then decided to proceed to the undertaking establishment of D. Belleguham, and view the remains. When inquest was resumed at the Council Chamber, Wm. O'Connell who was the first witness called, gave evidence as to the identification of the body. He had seen the remains and could identify them as that of Cornelius Mahony. He saw him last sometime last winter. He originally came from around (Springvale, and later lived in Hope township.

Harvey Freedman, a one-eyed man, said he saw deceased Saturday night at 8:30 o'clock, on the corner of Charlotte and Park streets. Harold Armstrong was with him, (Freedman) at the time. The man stopped and asked him where the girl was and they told him he asked him to drive him to Canville. Then he asked to be taken to Mahony's on the hill just west of the town, to which place they took him. He saw deceased again about 9 o'clock going east on Charlotte street, at the corner of Park and Charlotte. He saw him until he got to the crossing. This was the last he saw of him until next morning when he was seen by witness in the sewer trench, between Downey and Reid streets, about 20 feet off Reid.

There were nine or ten there when he arrived. He understood that Mr. O'Connell had found him first. The sewer is about 18 feet deep and there was a great deal of earth between the sewer and the sidewalk, so that people had to walk on the grass between sidewalk and fence. This earth was at least 5 feet high. There was a red light at head of earth and the one on sewer were Reid street. Deceased was intoxicated the night before and did not appear to know what he was doing. Was staggering when he was going out. Mahony's but appeared to be walking somewhat straighter when he was coming back. He was sure the red lights were there at 9 o'clock, and the electric lights were also going. The head of earth and the sewer were plainly to be seen and there could be no danger of any one with his senses falling in. The light on Park street was on the south side. He would not swear positively about the lights. The body was found about 15 yards from where the light was. He said that the man was still under the influence of liquor at 9 o'clock when they saw him last.

By a motion on being sworn Coroner Bell had heard said by the previous witness with the exception of one or two minor points.

George Comstock gave evidence as to the position the body was in when it was first discovered. He was of the opinion that the man had fallen in from the south side.

Then a discussion took place as to the advisability of having the jury view the scene of the accident, and they accordingly went up and had a look at same.

Dr. Eastwood was called after the jury re-assembled and gave evidence as to the condition of the body. Death had apparently been from suffocation. He could not say which side of the neck the man fell in from. This concluded the evidence for the present and the inquest was adjourned until Thursday evening.

LOCAL BRIEVITIES

Reportings in the Town and District During the Twenty-Four Hours

—Lindsay is dickering for a veneering factory.

—The work on the canal is considerably impeded by recent rains.

—The deer-hunting season opens on November 1st and closes on the 15th.

—Thursday, Nov. 25th, has been proclaimed a day of Thanksgiving.

—Ottawa is to ask for Sunday cars. It will soon be Peterboro's turn.

—The annual meeting of the Peterboro Protestant Home will be held this afternoon at 8 o'clock.

—Wild ducks are unusually plentiful this year. There has not been such a large supply put on for years.

John L. Sullivan, and Jake Kilrain the noted pugilists are travelling through Canada with a theatrical company.

—Gore Vale, Toronto, the beautiful residence of Mr. O. E. Blackford, the gentleman who built the grand junction railway between Peterboro and Belleville, is to be sold by auction.

—Jas. Hays, who was raising a disturbance on the street on Saturday night was taken to the Police Station and appeared in court yesterday morning. It cost him \$1 and costs.

—Messrs. Brandon, McDougall & Austin, of Fenelon Falls, shipped ten car loads of cattle and sheep to Buffalo market last week and this week six car loads from the back country and one from Fenelon Falls besides the car loads of hogs for Peterboro.

—Kennedy, Davis & Son's flour mill at Bobragon has been completely overhauled and fitted with new machinery, comprising a complete system of rolls and planifier. The mill is now capable of turning out 100 barrels of roller flour per day. An improved chop machine is also being installed.

—An Extraordinary Report. The Montreal Star on Saturday published a report to the effect that Dr. O'Connor, Bishop of Peterboro, had been appointed Archbishop of Toronto. The Times is authorized to state that there is not a syllable of truth in this statement.

PRICE TWO CENTS

Great Disorder

AROUND THE FRENCH CHAMBER OF DEPUTIES

Crowd Charged by the Cavalry—Gen. Chanoine Resigns—M. Gourin, President of the Anti-Semitic League, Was Arrested

Paris, Oct. 25.—There was considerable disorder about the approaches of the Palais Bourbon when M. Dorville, Millerand, and other Deputies arrived. The Republican Guards were obliged to clear a passage, and a conflict with the police occurred. A band of anti-Semites attacked and injured a commissary of police with loaded sticks. The ringleader, M. Gourin, president of the anti-Semitic League, was arrested.

DOWN WITH THE JEWS.

Drumont, the anti-Semite leader, then arrived, and a detachment of carabiniere charged and dispersed the mob. Several arrests were made. The session of the Chamber of Deputies had no sooner opened than M. Dorville made a violent attack on the Minister of War whereupon the latter said that he was of the same opinion as his predecessors as to the question of reopening the Dreyfus case, a remark which was greeted with uproar.

GUARDIAN OF HONOR.

When General Chanoine was able to resume speaking, he asserted that he was guardian of the honor of the army and concluded with saying: "I place in your hands the trust I received, and I tender my resignation in this tribune." M. Brisson was greeted with shouts

of "resign! resign!" while the Leftist cheered him lustily.

BUSINESS SUSPENDED.

M. Brisson said General Chanoine's declaration was a complete surprise to him, as the general had been present at the cabinet meeting which decided to submit the documents in the Dreyfus case to the Court of Cassation. The general M. Brisson continued, did not then raise any objection.

Continuing the Premier remarked that the government was fully determined to uphold the civil power against the military, and he asked for a suspension of the business of the Chamber which was granted. During this suspension, M. Brisson went to the Elysee Palace, in order to communicate to President Frant the resignation of General Chanoine.

CLAIM ALL THE NILE

The St. James Gazette Paris Parth a New Contention in Africa

London, Oct. 25.—All interest today is centered in the Marquis of Salisbury's addition to the Fashoda correspondence, contained in the publication of the British blue book, on that subject. The Conservative newspapers express themselves as being highly pleased with his rejoinder to the French yellow book on the same subject. They declare that it dispels the idea spread by the despatch of the French Ambassador here, Baron de Courcel, that

the British Premier was willing to negotiate on the whole question. But the Liberal and Radical organs still consider that the Marquis of Salisbury's attitude admits of negotiations promising friendly arrangement.

The entire press, however, acclaims the idea of the possession of Fashoda coming within the sphere of the discussion. The St. James Gazette this afternoon says: "We are prepared to negotiate the question of the western frontier of the Bahr-el-Ghazal district. But we must control the Nile, both banks and water sheds, from its source to the sea."

MUST QUIT FASHODA.

The Globe thinks the Marquis of Salisbury has made it clear that Major Marchand must quit Fashoda without conditions, adding: "Until this is done there can be no discussion of the French claims in Africa."

Continuing the Globe points out the significant announcement in General Kitchener's report that he sent gunboats south from Suak, towards Meshur-Rek, the principal trading center of the Bahr-el-Ghazal region, with instructions to establish the necessary outposts, and that before he left Suak he had completed arrangements for the maintenance of those stations.

The Globe then adds: "This move brings our position down to the eighth parallel of north latitude and the valley of the Bahr-el-Ghazal at this moment is under the rule of the Khedive. It will be interesting to see the effect of this revelation upon the French Government."

UTTERLY UTENABLE.

The Pall Mall Gazette concludes from the publication of the blue book that the French Government has been given to understand that wholly apart from the Fashoda question, its title to the territory abutting on the left bank of the Nile is "rejected as utterly untenable, and France must accept the position or take the consequences."

The Westminster Gazette suggests a solution that the French be granted way leave and leave for commercial purposes in the Bahr-el-Ghazal district. "Way leave is the right of way over another's ground. 'Enclave' is to shut in, to enclose a territory within the territories of another power."

The French papers today are more hopeful, and believe that a public solution of the dispute will be found.

NAVAL PREPARATIONS.

The English newspapers are full of naval particulars, but the only fresh development is an order received at Portsmouth to prepare all the ships of the fleet and the reserve for immediate mobilization. Eight additional warships are being ordered, and working parties were immediately placed on board the other reserve vessels at Portsmouth.

When Admiral Cervera Surrendered With the Colon Admiral Sampson's Flagship Was Nine Miles Off

Washington, Oct. 25.—The report of the War Wright board, convened for the purpose of determining the positions and courses of the ships engaged in the battle of Santiago, July 2, was made public today. It simply presents a plot of the positions of Admiral Cervera's squadron and those of the United States fleet at seven different times during the battle. These times are as follows:

No. 1, 9:35 a.m., Maria Teresa came out of the harbor; No. 2, 9:50 a.m., Platanos came out; No. 3, 10:10 a.m., Maria Teresa turned to run ashore; No. 4, 10:20 a.m., Oregon turned to run ashore; No. 5, 10:30 a.m., Furor blew up and Platanos turned to run ashore; No. 6, 10:40 a.m., Vizcaya turned to run ashore; No. 7, 1:15 p.m., Colon surrendered.

Position No. 1.—When the Maria Teresa came out of the harbor the New York was nine miles east of Morro. The Brooklyn was three miles southwest of Morro, being two and two-tenths miles from the shore west of the mouth. The Texas was eight-tenths of a mile east of the Brooklyn; the Iowa one and eight-tenths miles east and south of the Brooklyn, and the Oregon a half mile east of the Iowa, the Iowa being three miles directly south of Morro. The Indiana was two and two-tenths miles southwest of Morro, and the Gloucester one mile almost directly north of the Indiana, a mile and four-tenths from Morro.

Position No. 2.—When the Platanos came out all the Spanish vessels had come out of the harbor and the New York had moved up two and one-tenth miles westward. The Brooklyn had moved north and was eight-tenths of a mile from the Vizcaya; the Texas first went east half a mile, swinging toward the harbor, then turning to the left was at No. 2, a half mile directly north of her first position. The Iowa moved by a varying course north-west, and was a mile and four-tenths from the Vizcaya, the Oregon being ten-tenths of a mile behind the Iowa. The Gloucester's first start was

a half mile directly away from the harbor, but swinging to the right had advanced to the Spanish ships, being one and seven-tenths miles from the nearest, the Oquendo.

Position No. 3.—The New York had come within three miles of Morro, being east of that point. The Brooklyn was two and a half miles south and east of the Texas and one and three-tenths miles directly south of the Colon, one and one-tenth miles and a little behind the Vizcaya, one and three-tenths miles and a little in advance of the Oquendo. The Texas was one and two-tenths miles from the Texas and one and four-tenths miles from and behind the next Spanish ship, the Oquendo. The Iowa was one and one-tenth miles from the Texas and a little closer in but not quite as far west as the Texas. The Oregon had pulled up and passed the Texas and Iowa, being a little further in advance than the Texas and a little further out than the Iowa. She was in advance of the Texas, the Indiana was two miles from the Texas and two and six-tenths miles from the Oquendo, the nearest Spanish vessel. The Gloucester had moved up six-tenths of a mile and was just a mile directly south of Morro.

NEW YORK'S NEAREST POINT.

Position No. 4.—The Vizcaya moved to the left, bringing her to within one-tenth miles of the Brooklyn. The Iowa was the same distance, but almost directly astern, and the Oregon was one and three-tenths miles from the Vizcaya, but further out to sea. The Texas was eight-tenths of a mile from the Oquendo, the Oregon nine-tenths of a mile from the same vessel. The Indiana had advanced eight-tenths of a mile and was two and six-tenths miles away from the Oquendo, the nearest Spanish ship. The New York had advanced nearly a mile, but was not yet abreast of Morro.

Position No. 5.—The Gloucester had run a little more than two miles and was four-tenths of a mile from the Furor and but little further from the Platanos. The New York had run two and two-tenths miles and was three and three-tenths miles from the Furor, the nearest Spanish ship, and two and two-tenths miles south and a little west of Morro. The Brooklyn had run two and three-tenths miles and was one and two-tenths miles from the Vizcaya and one and six-tenths miles from the Oquendo. The Texas was two and seven-tenths miles from the Vizcaya and directly astern of the Oregon. The Iowa was three and two-tenths miles directly astern of the Vizcaya. The New York was five miles behind the Iowa.

Position No. 6.—The Brooklyn surrendered. The Brooklyn was the nearest American vessel. She had sailed twenty-eight and a half miles and was three and four-tenths miles from the Colon. The Oregon was four and a half miles from the Colon. The Texas was three and four-tenths miles behind the Oregon. The New York was nine and a half miles from the Colon.

COURSES OF THE SHIPS.

The tracings of the chart show that the Spanish vessels sailed on courses not more than three-tenths of a mile apart until the Oquendo ran ashore. Then the Vizcaya veered out to sea and the Colon kept nearer the shore, their courses being about seven-tenths of a mile apart. Up to the time the Oquendo went ashore the Iowa, Indiana, Oregon and Texas sailed on courses within three-tenths of a mile of each other, the Iowa being the nearest and the Texas the furthest from the course of the Spanish ships.

The Brooklyn's course was three-tenths to half a mile outside that of the Texas. The swing to the right which the Brooklyn made at the beginning of the engagement allows an oval for the course of the Texas, Oregon and Indiana, twice while making the turn, but before these vessels had gone over the line.

The course of the New York after passing Morro was nearly the same as that of the other United States vessels. The Gloucester kept nearer the shore, her course being about seven-tenths of a mile apart. Up to the time the Oquendo went ashore the Iowa, Indiana, Oregon and Texas sailed on courses within three-tenths of a mile of each other, the Iowa being the nearest and the Texas the furthest from the course of the Spanish ships.

The Brooklyn's course was three-tenths to half a mile outside that of the Texas. The swing to the right which the Brooklyn made at the beginning of the engagement allows an oval for the course of the Texas, Oregon and Indiana, twice while making the turn, but before these vessels had gone over the line.

LEAPED TO DEATH

His Postponed Marriage Pried Upon His Mind

Sault Ste. Marie, Oct. 24.—A telegram reached here on Monday that John Plunket had jumped overboard from the steamer Diamond when off Au Sable on Sunday and was lost. The deceased was working in the vicinity of the Sault all season. He left the Quebec where he had boarded for a couple of weeks, and on Friday last to seek work on the American side. His father is Daniel Plunket, Clerk at Meaford and a very wealthy man. John was about 28 years of age and was a good natured, generous boy who was liked by everybody. The father who is a close friend, refused to give the boy who was a good and steady worker anything to support him, barely allowing him food and clothes. A year ago he entered suit against his father for wages due him for several years' services. Recently the case was decided against him. He was engaged to a bright and winning young lady. The result of the case was a imprisonment of the marriage. This disappointment proved upon the poor fellow's mind, causing him to commit the rash act which ended in his death.

A hard hearted and grasping parent may realize as he gazes on the form of his noble son cold in death, that it was owing to his unkind and cruel treatment that his son's mind had been so utterly ruined.

Large Gathering

OF DELEGATES OF THE PROVINCIAL SUNDAY SCHOOL ASS.

Over Three Hundred Delegates in Attendance—Reports From County Associations Received—Splendid Addresses by Prominent Men

Peterboro is once more invaded with delegates. This time it is the delegates to the 33rd annual convention of the Sunday School Association of Ontario, which is now in session at St. Paul's Presbyterian church. Over three hundred persons are in attendance and they include people from all over the province. On Monday evening the Executive Committee met and completed final arrangements for the big convention that convened yesterday afternoon.

At 2 o'clock the affair was opened with devotional exercises by the Rev. E. F. Torrance, D.D. Those who occupied seats on the platform were A. J. Dunlop, President, John A. Patterson, Rev. Mr. Torrance, Dr. Tilley and Mr. David Stouffer, who is musical director.

The President in his address said that he would not detain them long in view of the fact that he had no address prepared. He was thankful for the way in which the association and its members had prospered during the year. He dwelt briefly on the labor to be done yet in Sunday School work and that the door of opportunity was open to them and they would take the best advantage of it. He then submitted the rules for the transaction of business for the convention.

REPORTS.

Reports were submitted from the following county associations—West York, T. L. Moffatt; Belleville, J. A. Hopkins; Brantford, H. C. McMullan; Dundas, W. T. Smith; Victoria County, Mr. Tinney; East Durham, Rev. Mr. Daycot; Essex, R. C. Weese; Halton, Wm. Hopkins. The city of Guelph, South Hastings and several others also reported. The report of the Peterboro County Association was as follows—

REPORT OF PETERBORO COUNTY. Peterboro has county, town, and three township associations. The county association held a two-day's convention in Lakeside, but owing to the inclement weather was not as largely attended as in former years. A good program was presented with good results.

The town as yet has not taken up any special work. The township association have each held their convention, all of which were successful. Rev. Mr. Tibb was present at the county and two township conventions, and contributed very largely to their success. Besides the annual convention the Ontario Association holds a Rally of the Schools.

ADDRESS. Prof. H. M. Hamill gave a very interesting lecture on "The Bible and the Child." His address was very instructive, and showed the speaker had a thorough knowledge of what he was talking about. The system of giving the pupil enormous amount of studies to learn, was very injurious to the mind, and he claimed the reason why the Presbyterian body had such a large percentage of able men in its ranks was owing to the fact that they were given a little at a time to learn. His address will certainly have a good effect.

(Continued on page six).

NO NEWS OF DR. IRELAND

His Wife Has Offered a Reward for the Recovery of the Body

Trenton, Ont., Oct. 24.—It is now a week since the remarkable disappearance of Dr. Ireland took place in Montreal, and still no authentic reports regarding him have become known, notwithstanding the sensational newspaper reports as to his having been seen at Father Point on an outgoing steamer a few days ago. There seems to be no doubt whatever, in Mrs. Ireland's mind, as to his falling into the harbor last Saturday evening, and her story, as told repeatedly, would seem to bear out the fact. The wound he received from an elephant gun in South Africa was often known to slip and fall in consequence of the injuries to the hip joint. He always walked very lame, and very seldom could go without the aid of a stick, and there is every reason to believe that he could have stumbled and fallen in at the place indicated by his wife, without any other person seeing him. No doubt the escape of his life and his well-known impulsive and daring nature led many people to think he took this means of separating from his wife, with whom he lived on most agreeable terms, but which circumstance, and the fondness with which he cherished his son, whom he left in Trenton, and who is an exceedingly bright child for his years, would seem to disprove the idea that he ran away or committed suicide. Mrs. Ireland has offered \$500 for the recovery of his body, and it is understood she has employed parties in Montreal to watch. At the present time nothing is known by his wife or friends here regarding him, except as above stated.

AN EXTRAORDINARY POSITION

Many Violations of Terms Protocol Which American Cannot Prevent

Havana, Oct. 25.—The American Commission here is placed in an unfortunate position. The Spanish Government, it is alleged, daily commits some act in violation of the terms of the protocol or the legality of which is doubtful, such as the removal of guns or the sale of Government property, against which all the American commission is able to do is to protest, which it does regularly, only to see its protests unheeded and ignored. As one of the commissioners says: "We cannot go out into the streets and stop the guns being carted away ourselves. We should have troops of marine here to enforce our protests. All we can do is protest, to which action no attention is paid. It is the most extraordinary situation ever known. In the teeth of the protest of our commission the Spanish first dismantled the guns of the Alfonso XII. In the Santa Clara battery and quietly returned them to the cruiser and they now announce that they will go for Spain on the 30th." "These guns technically belonged to the fortress where they were placed and seized as movable property. Next the authorities held a sale of about \$200,000 of brass cannon, which were disposed of, despite protests, at less than half their value. Matters have now culminated in the dismantling of our commission's guns in the Reina battery for shipment to Spain."

The Second Day OF THE PROVINCIAL S. S. CON- VENTION A GREAT SUCCESS

Encouraging Reports From the Secretaries—The Work
Being Rushed Through—Hon. G. W. Ross Addresses
the Delegates

The second day's proceedings of the Sunday School Association Convention were opened at 9 a.m. yesterday, by devotional exercises led by the Rev. O. C. Elliot, of Park St. Baptist church.

The Secretary, Mr. Alfred Day, presented his annual report which was adopted.

In a record of his fulfillment of his official responsibilities the General Secretary stated that since the convention of last year he has travelled in the interest of the work, over 13,000 miles of territory, of which 5,000 have been east, 4,000 west, 2,500 north and in the interest of the international work, 1,500 miles beyond Ontario's borders, i. e. in New Jersey, Michigan and the Province of Manitoba; in addition to which he has had contact with workers throughout the Province, through the medium of correspondence, addressed especially to the general secretary, and involving the writing of 550 letters, an average of more than ten each week. The general secretary has visited 82 conventions, i. e., 80 of counties or cities, 50 of townships and 2 international; and 11 Sabbath School anniversary occasions at as many places. He also visited 19 Sabbath Schools during their session, for the practical observation of methods. All the different departments and interests of the work have had a due share in the services rendered on the above occasions. One hundred and thirty-three general addresses have been delivered by Mr. Day, on different phases of the work. Forty-eight Sabbath Schools have afforded opportunity to bring publicly before the Home and Church their respective obligations in Christian culture. Forty-six public services for children, have been addressed, whilst 100 normal exercises on various principles and plans of Bible teaching have been conducted by simple teaching methods, in the hope of affording more definite help in the solution of difficulties realized by teachers and officers of the Sabbath School and organizations.

The general secretary also referred to the matter of statistics, acknowledging by all to be one of the greatest difficulties with which organizations are afflicted in their nature have to contend. He stated that these continue to be one point of the Ontario Association's humiliation before the whole con-

tinued and urged that the committee should either devise some means of bringing kindly but insistent pressure to bear on the secretarial department of the schools and organizations which are non-responsive, or abolish for the sake of the credit of the association, the waste of time and money in sending out annually thousands of blank forms, which are never returned, and the absence of which renders those that are returned valueless for purposes of diagnosis. Despite the fact that the utmost care is taken to facilitate the use of these blanks with the minimum of trouble to the outside correspondents, and that large numbers are sent out to provide that each school should have sufficient even if some did go to waste, but very few respond with the blanks filled in.

This complaint touches a matter of the utmost importance, as in the absence of these statistical reports no provincial secretary can know of the status of progress over more than a fraction of his field and he thus lacks essential material in the construction of such a report. Always looked for, as shall adequately present the conditions of the work to the gathering assembled to consider it. Without statistics it is impossible to compare existing conditions with the past for the purpose of noting growth or retrogression, and equally impossible to direct future efforts to the points of work or territory requiring special attention. Moreover, for the latter purpose denominational statistics are useless, inasmuch as the application of any influence the Ontario Association is able to exert is made not through denominational but geographical organizations.

In speaking of organization Mr. Day emphasizes that as far as the Ontario Sabbath School Association is concerned the Church is rather a field to work with than a field to work in. During the past year, the organization of new territory in eastern Ontario has engaged the special attention of the secretary. Five counties, viz., Lanark, Leeds, Renfrew, Stormont, and Victoria were organized; whilst the organization in Prince Edward County had become more nominal than real, special efforts were, therefore, directed to this particular part of our Province, with the result that Leeds, Lanark, and Victoria counties have been organized, and the organization of the other four counties is well advanced. In speaking of organization Mr. Day emphasizes that as far as the Ontario Sabbath School Association is concerned the Church is rather a field to work with than a field to work in. During the past year, the organization of new territory in eastern Ontario has engaged the special attention of the secretary. Five counties, viz., Lanark, Leeds, Renfrew, Stormont, and Victoria were organized; whilst the organization in Prince Edward County had become more nominal than real, special efforts were, therefore, directed to this particular part of our Province, with the result that Leeds, Lanark, and Victoria counties have been organized, and the organization of the other four counties is well advanced.

The treasurer's report showed the total receipts to have been \$3,082.21, and the total disbursements \$3,191.13. The liabilities of the Association were given as \$351.24, and the assets, unpaid pledges, \$576.19. The statement of receipts from Oct. 16th 1897, to Oct. 15th, 1898, is as follows:—

AFTERNOON SESSION.
The afternoon session opened at 2 o'clock, Rev. W. T. Armitage, B. A., conducting devotional exercises.

REPORTS.
The reports of the visitors to the power and more unsettled districts of the Province, was taken up and the first to speak on this subject was Rev. T. A. Moore.

When he was asked to go to the shores of Georgian Bay to help along with Sunday School work, he responded without the slightest hesitation. He reached Manitoulin Island on the 10th of August and was greeted in the kindest way by the residents of that place. They are people who come from the thickly settled portions of Ontario and he was glad to know that they had

have left the rest of the Sabbath school far behind in their unsatisfactory hunger for training in the study of child nature and the art of soul feeding. Mr. Day closes with references to the world-wide privileges and responsibilities of the Ontario Association, and also thanked especially Mr. R. W. Clark, of Millbrook, who more than once supplied his plate at conventions and assisted him especially in the organization of Victoria County.

CORRESPONDING SECRETARY.
Miss Jessie A. Munroe, the active and efficient corresponding secretary, submitted a very encouraging report which of course was largely of a statistical nature, giving the number of letters received and answered and literature sent out, etc. In addition to the regular duties of Primary Secretary for the Province have been entrusted to Miss Munroe.

Out of 16 Primary Unions which have been organized during the past few years there are now only 11, viz., Messrs. Toronto, Bowmanville, Toronto Junction, St. Catharines, Peterborough, Guelph, Hamilton, Kingston, Ottawa Township, Keneloe Township; the others having disbanded for one cause or another—the chief reasons given being the removal of interested officers and lack of time for meetings. In some places it is suggested that reorganization might be effected, assisted by some well known Sunday school worker.

The counting and mailing of printed matter in connection with organization of counties, mission work, Normal and Home Departments and other circulars have required many hours of work. The preparation of the annual financial statement, correspondence and other work connected with this convention have occupied every hour to the time of meeting.

TREASURER'S REPORT.
The treasurer's report showed the total receipts to have been \$3,082.21, and the total disbursements \$3,191.13. The liabilities of the Association were given as \$351.24, and the assets, unpaid pledges, \$576.19. The statement of receipts from Oct. 16th 1897, to Oct. 15th, 1898, is as follows:—

Excited the Admiration of the World

Marseilles, Oct. 26.—General Lord A. Pitt-Rivers, M.L.A., Woodstock, and G. P. Graham, M.L.A., Brockville, and by the Minister of Agriculture, and by Messrs. W. H. Bennett, M.L.A., for Best Smoked, W. H. Hoyle, M.L.A., for Best Ontario, and A. F. Campbell, for Mr. Calder.

THE TROUBLE IN JAMAICA
Island is Overrun by Thousands of Starving
A group of

Kingston, Jamaica, Oct. 25.—For the last two or three weeks the attention of the outside world has been especially directed to this island by the insistent rumour of rebellion and to have been reached by the report that a large number of the islanders had been driven from the eastern and western ends of the island. The rumour is now confirmed by the fact that a large number of the islanders have been driven from the eastern and western ends of the island. The rumour is now confirmed by the fact that a large number of the islanders have been driven from the eastern and western ends of the island.

The recent trouble is no more or less than the old land question raised to an acute crisis by the deplorable industrial condition of the island. Owing to the success of European labour in beet sugar in killing the West Indian cane sugar industry, nearly all the sugar estates have been abandoned.

Fruit cultivation has been substituted to a large extent, but the island supports a starving population of 500,000. The result is that the island is today overrun by thousands of unemployed, and for the most part, starving laboring negroes, of course.

It is quite true that in one new scheme in this island, where the land was given to the people, the result was that the island was overrun by thousands of unemployed, and for the most part, starving laboring negroes, of course.

It is quite true that in one new scheme in this island, where the land was given to the people, the result was that the island was overrun by thousands of unemployed, and for the most part, starving laboring negroes, of course.

A Common Cold

and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

R. BAYNES, M. D., Saranac, N. Y., 1875.

"I have used Ayer's Cherry Pectoral in my practice since 1853, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

Ayer's Cherry Pectoral

Free advice on any disease from our eminent physician. Address, Medical Department, J. C. AYER CO., Lowell, Mass.

Morning Times

PETERBOROUGH, OCTOBER 26, 1898

TOWN AND COUNTY NEWS.

Water Completion.—Excellent progress is being made on the waterworks construction work in Ashburnham, and two weeks more will see the contract completed. After water has been turned into the pipes on Elizabeth-st., Lake-st. and Mark-st. and on Stewart-st. north. The village in a couple of weeks will have their system of fire protection complete, as already several hydrants have been placed.

Call not sustained.—A special meeting of the Peterboro Presbytery was held yesterday morning in St. Paul's church with Rev. John Hay, Moderator, presiding. The meeting was called to order by a call extended by the Warkworth congregation to Rev. Mr. McGee, of Toronto. The Presbytery refused to sustain the call on the grounds of insufficiency of signatures. This was all the business before the Presbytery.

A Cruel Act.—Mr. J. P. Shelvin's fine bound ran lame yesterday with a gaping wound in its hind quarters, which it was necessary to have stitched. Mr. Shelvin states that he traced the trail of blood to a local butcher shop and proposed to lay an information against the owner. The wound was a most valuable one and by the wound will be incapacitated for his work in the whole this fall.

All for 10 cents.—Have you seen a copy of the new monthly publication entitled "Music, Song and Story"? If not, get a copy, don't let the chance pass—you will be delighted as it is a large volume containing some of the best literature (not restricted articles) and music and words for five vocal pieces and five sections of instrumental music. We have not space to say more here, but call at the Times Bookstore, Peterboro, and leave your order, and we will give you further particulars.

Scarlet Fever.—A number of cases of scarlet fever have broken out in Ashburnham and in Peterboro. Dr. Clarke, Medical Health Officer, has located two cases at Ashburnham, and has had the houses placarded. Physicians in charge of scarlet fever patients in Ottawa and Toronto should report to Dr. J. R. Fraser, Lakefield, at once. Residents in Dunsmuir also fear an outbreak in that township and a number of them were in town yesterday to interview Dr. Clarke. The latter states that the placards furnished by the township health officers are not sufficiently bright in colouring to attract notice.

Bargains in Fancy Goods and Stationery.—In order to make room for our new Xmas goods, we will sell all goods now in stock at greatly reduced prices for the next thirty days. We must have room, and will sell all lines at wholesale prices. We have the latest games, the prices which are also reduced. In stationery we have a fine stock; come and see for yourself. Your choice of a dozen different kinds of exercise, dictation and composition books. Six books containing 100 pages each for 50c. Three large scribbles for five cents. Times Bookstore, Market Block, Peterboro.

The Elucidator.—of every man's ambition is PERFECT SEXUAL STRENGTH. How to obtain it is plainly told in "A Few Golden Grains of Truth." Sent FREE to men. It explains the secret of Perfect Manhood. It tells how weak and impotent men can secure vigorous and lasting vitality, development, strength and power. It describes a system of private home treatment which cannot fail. The TRUTH told in plain words. Interesting alike to young and old, married or single. Sent sealed. If tired of quacks and "patent medicines" write for FREE information how to get cured. "Golden Grains of Truth" TELLS IT ALL. Address THE N. S. M. COMPANY, Box 329, Picton, Ont.

Try McQuay's delightful pastery and confectionery. Opposite Adam Hall's, George St.

LOCAL BREVITIES

Happenings in the Town and District During the Past Twenty-Four Hours

—Next Monday night is Halloween and the boys are getting ready.

—Already municipal candidates are on the move. The county council election will be held the end of this year.

—Quite a sensation was created last evening by a report that an Indian had been shot in town. After an investigation the Times discovered that he was only half shot.

—The late heavy rains have made travelling through the country very heavy and unpleasant. It is many years since the swamps have been so filled with water in the fall.

—Delegates in town should visit the Times Bookstore and take the advantage of the cheap sale of stationery now going on. Letter and note pads, good quality at ten cents.

Hastings Star.—We have it from very good authority that the G. T. R. will at an early date, erect a commodious station here. The present one, which did very well at first is altogether too small and unfitted to meet the present traffic, which is steadily increasing.

County News

There are only a few of the new maps of the County of Peterborough left, and all who require one should secure it at once. In order to clear out the balance on hand they will be sold, handsomely mounted, for \$2 each and on paper 50 cents each. Apply at Times Bookstore, Peterborough.

The Kind Anniversary

Yesterday Mr. and Mrs. Wm. Helm were receiving the hearty congratulations of their friends, it being the 33rd birthday anniversary of Mrs. Helm as well as the 53rd anniversary of their marriage, which took place at Kingston, N.Y., on the 26th October, 1845. It is pleasing to know that Mr. Helm is enjoying the best of health, while Mrs. Helm, who has not been well during the summer, is regaining her health, and was able to walk down town on Tuesday last, being the first time in several months. Mr. Helm comes of a long-lived family. He is one of nine, and for a period of seventy-five years, there was no death in the family, save the parents, who passed away at a ripe old age. The Times joins in wishing Mr. and Mrs. Helm many years of happy life.

The Elmer Question

To the Editor of the Times:—Sir—I notice a letter in a Toronto paper, which, it appears to me, contains a lot of common sense. The writer in the paper referred to says that "the sands and reefs of Elmer's vote" are "the sands and reefs of Elmer's vote." I am sure that you would heartily support a proposition in the direction of more direct Government control of the traffic. Call it the Car Line or Goldenburg system as you please, but if the Government would assume the whole responsibility of manufacture, and distribution of spirituous liquors, appointing agents at a fixed salary, allowing no commission on the premises, and sharing its profits between the municipality and the State, I feel sure the proposal would be much more popular than the drastic remedy recently submitted to popular vote.

L. JACKSON.

Peterborough, Oct. 25.

Kidd the booter is selling cheap

Mr. J. C. Long

To the Editor of the Times:

Sir—The lecture of Mrs. J. C. Long on Monday evening last was indeed a literary treat. The audience, though small in point of numbers from insufficient advertising, made up for it in appreciation of the learned discourse which was manifest from the hearty applause. The lecturer is the wife of one of our former townsmen, who was then the principal of the Collegiate Institute. She is a lady of fine presence, and in her speaking shows she is conversed in the art of persuasion. She is free from the impressionable style of oratory which so frequently obtains, but in this respect she may improve with experience. She has a clear voice, and owing to one of the audience who preferred to hear himself talk, some of her words were not heard distinctly. It is a pity that the valuable hints thrown out in connection with the defects in our school system were not known to our School Board, when the remedy is so easy. I beseech for Mrs. L. a bumper house if she should ever again be free from one of her lectures. There are other ladies in our midst possessing more than local fame, and I trust that before the winter passes over they will emulate Mrs. Long in her literary efforts.

Thinking you, Mr. Editor, for your valuable space, I am, etc.

PROGRESS.

Peterborough, Oct. 26.

New Art Silks just opened out at Miss Melville's, Hunter-st.

PERSONAL AND SOCIAL

Sergeant Hunter, of Saginaw, Mich., left for home on Monday.

Mrs. R. Healy, of town, is visiting in Cambridgeford the guest of her uncle, Mr. B. Mahony.

Mr. Thomas Butman, the well known leather merchant, we regret to say, is confined to his house through ill-health.

Lindsay Post—Mr. W. J. Scott, of Peterboro, was in town yesterday.

Mr. Carol H. Drake, of Peterboro, was a guest at the Simpson house today.

Stratford Beacon—His Honor Judge Barron is ill at the Roslin House, Toronto where he has been for a few days with his family. He was threatened with an attack of appendicitis, but speedy medical attendance averted such serious trouble. The people of Stratford will be glad to learn that latest reports say he is much better.

Mr. Fred McKibbin, of Johnstown, Pa., has been spending a few days visiting relatives in Peterboro. He was the guest of his uncle, Mr. R. S. Davidson.

Mr. McKibbin left for home yesterday. He is with the Cambria Iron Co., one of the largest concerns of its kind in the world, where he holds a position on the engineering staff. An idea of the business of this company may be gathered from the fact it takes about a quarter of a million every day, twice a month, to pay the 10,000 employees.

If you want shoes for kid's call at Kidd's New Shoe Store

A HARD WINTER AHEAD

Richard Weir, President of the Time Juice Club Thinks so

"Hm," Dick McGrade, of the Time Juice Club fame has developed in a weather prophet. Yesterday Dick walked into town from Harwood, and after a Times reporter had "test his wisdom" for him, Dick proceeded to give a forecast of the weather for the coming winter.

"The leaves hanging on the trees so long and looking so green and fresh, in spite of wind and frost," said Richard, as he quietly sipped a glass of Collett's Lager at the Grand Central Hotel, "is all very nice and cheery and comforting, but it is simply one sign of trouble ahead for those who don't like hard and long winters. The sun is running back to the ground slowly, and it will be just as slow starting up again next spring. The trees look as if they had just started in for the summer season, instead of being on the threshold of November. Next spring when they should begin to show the signs of June, they will still be reminiscent of November. No doubt of it! I never knew the sun to fail."

"Then as there being a hard winter impending, did you notice that the crickets and the katydids began singing last night? It is a sign that they are in the habit of doing so? Whether you noticed it or not they did; and this is another infallible sign that winter will come in with a whoop when it comes, and will be bringing you when theJohnnyhumphreys ought to be pushing their heads above ground."

"And then the chickens—I never saw them so busy, and never did they hurry home with cheek pouches so swollen each time with nuts and acorns as they have this fall. Those wise little fellows know what is ahead of them and they are putting in an extra store of winter provisions. As to corn, the ears have a thickness and plumpness of which I have never seen before. Don't mistake this sign. Chestnut burrs are positively lined with something that would well pass for fur, instead of the usual velvety inner coat. Cranberries are always full, of course, but have you noticed what they carry in their pulp this year? Time juice isn't one half as sour. When the score of cranberries were taken from and stored all over the place, I heard my grandmother, once fifty years ago, and the court of cranberries has surely earned this year."

"And we had a game for dinner on our house last Sunday. I know it myself. To test the saying 'I feel I never saw, and I never saw since white, that would settle the question of a hard winter if all other signs should fail. We're going to have it, sure as you are. If any one should ask me what I would rather have just now, I would reply, a good cold and a hot water bottle on my back and a good fire on the stove."

Then Dick quietly tried to find Dan Elder, the gentlemanly wine clerk, off for another beer, and when Dan refused, he firmly refused, Dick withdrew, imagining as he passed, one of the doorkeepers, I feel sure, I feel sure of the next meeting of the Time Juice Club.

New Duties

New duties will be all probability assigned to the brakemen on the C. P. R. trains. Since time immemorial passengers on trains have insisted on getting flurried and leaving their parcels behind them on the seats, only to discover their mistake when too late. To prevent this, brakemen on the American roads are instructed to shout out when nearing a station, "Don't forget your baggage," and the C. P. R. officials are considering the advisability of adopting the system.

Snap shots with a Graphophone

The Graphophone is to the ear what the photographic camera is to the eye, and more, for the graphophone catches instantly and preserves every tint and shade of sound. A most interesting use of the Graphophone is to make records of your friends' voices to be preserved for future use. You can catch the story of your jolly friend just as he told it, or the favorite song of some loved one just as she sang it, and have it reproduced perfectly at any time and as often as you please. Besides the Graphophone affords wonderful entertainment in the way of reproducing the music of bands, orchestras, or vocal or instrumental soloists. No investment will return so much in pleasure as the purchase of a Graphophone. It is the perfect talking machine. Write for catalogue No. 30, to the COLUMBIA PHONOGRAPH COMPANY, No. 313 Main Street, Buffalo, N. Y.

Wedding Bells

On Tuesday evening a very pretty wedding took place at St. Peter's Cathedral, when Mr. Thomas Hoan, and Mrs. Margaret Hoan, were united in the holy bonds of matrimony. The bride was most becomingly attired in costume of house green broadcloth with picture hat to match and carried a bouquet of cream roses. She was assisted by her cousin, Miss Fanny Holmes, who was previously committed in Cuban blue, the suit being completed with a large necklace of trimmed in the same shade. She carried cardinal roses. The groomsmen was Mr. John Dorris, brother of the bride, and of the ceremony the wedding party acted as groomsman. At the conclusion repaired to the residence of Mr. Homer Hoan, Stewart street, uncle of the where an informal reception was held. During the evening Mr. and Mrs. Hoan repaired to their future home in Ashburnham. A large number of most beautiful presents were received by the bride, amongst them being a gift from the employees in Mr. P. Simons' tailoring establishment, where she has been engaged for the past twelve years. With his accustomed generosity, Mr. Simons also remembered the bride on the eve of her wedding.

HOW SHE WAS TROUBLED

"I was afflicted with that tired feeling and had no appetite. A friend advised me to try Hood's Sarsaparilla which I did and in a short time my appetite was better and the tired feeling was gone. Since then we always take Hood's when we need a blood purifier." Mrs. B. Kinch, Barrie, Ontario.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Be sure to get Hood's.

FACTS ABOUT HEALTH

It is Easy to Keep Well if We Know How—Some of the Conditions Necessary to Perfect Health.

The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such a record of cures as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Sarsaparilla makes the blood pure. This is the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medicines fail to do any good whatever.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Another Railway Scheme

The Toronto Street Railway Company is considering a scheme for a system of radial electric roads to run out to Toronto through the entire Province. The matter has been before Toronto railway men informally for some time, but definite action will be taken very shortly, as capitalists in various parts of the Dominion have signified their willingness to purchase stock in such a concern.

The Closing Day

THE SUNDAY SCHOOL WORKERS FINISH THEIR LABORS

Mr. Thomas McGillicuddy is Elected President—More Reports Presented—The Convention was a Great Success in Every Way

The annual convention of the Sunday School Association of the Province of Ontario concluded its deliberations yesterday, and it was needless to say was one of the most successful in the history of the Association.

Yesterday morning's session opened at 9 o'clock with the usual devotional exercises conducted by Rev. J. E. Moore, Ph.D.

The business committee submitted their second report. It was as follows:

OFFICERS FOR 1898-99

President—Thos. McGillicuddy, Toronto.

Vice-Presidents—All the ex-presidents who have within the past three years attended a meeting of the General Executive Committee or a Convention or subscribed to the funds of the Association, and the presidents of the County and City Associations throughout the Province of Ontario.

General Secretary—Alfred Day, of Toronto, re-elected.

Corresponding Secretary—Miss Jessie Munroe, 24 King West, Toronto.

Minute Secretaries—Rev. J. Campbell Tibb, Eglington, and W. E. Tilley, Ph.D., Brimmarville.

General Executive Committee—The officers of the association, the county and city representatives appointed by the Convention and one other representative to be appointed by each county or city. The report was adopted.

REPORT ON RESOLUTIONS.

The report of the Committee on Resolutions, was presented.

It began by reciting the gratitude of the Association for the blessings of the past year, and that no officers had been removed by death. Regret was expressed for the enforced absence, through illness, of Rev. Dr. J. P. Potts. Pleasure was expressed at the presence of Prof. Hamill, and Mr. Marion Lawrence, and a warm tribute was paid to the effectiveness of their inspiring addresses. Especially hearty thanks were tendered to the pastor and officials of St. Paul's church, to Mr. Stouffer, the leader of the singing and to the organist, and choir for their most efficient help in the service of song; to the local committees, who had done so much to make the stay of the delegates pleasant; to the citizens of Peterborough and Ashburnham for their generous hospitality, to the press for their excellent reports, to the Ex-

ecutive Committee and officers and to the local examiners of the normal department. A vote of thanks was added to Mr. B. F. Jacobs, President of the International Sunday School Association for his kindness the Ontario Association, especially in permitting the attendance during the whole convention, of Prof. Hamill.

The prohibition resolution, moved by Rev. T. A. Moore, and published in the Times yesterday, was adopted unanimously. Another resolution, deprecating the holding of society parades on Sunday as detrimental to the sacredness of the Sabbath day and it was resolved to urge upon pastors to discontinue them. Another resolution condemned Sunday parades by volunteers as a hindrance to Sunday school work.

"Therefore we, the Sabbath School Association of Ontario composed of representatives from all the evangelical churches of the Province, in our twenty-third annual provincial convention assembled do respectfully ask the Hon. the Minister of Education to take such action as shall be necessary to prevent Sunday parades."

SABBATH OBSERVANCE.

A resolution on Sabbath observance was presented and was favorably received. It was adopted.

"Is the crop worth harvesting?" was the title of an interesting address by Thomas McGillicuddy, of Toronto.

Dr. McLaren introduced the Home Department Conference. In the discussion that followed a paper was read sent from Dr. Withrow, Toronto.

This closed the morning's deliberations.

AFTERNOON SESSION.

At 2 p.m. the convention re-assembled and the proceedings were opened by devotional exercises conducted by the Rev. D. O. Crowley. This was followed by the congregation singing "Wonderful Words of Life."

Mrs. McLeod spoke on the "Primary Teachers' Relation to Child Culture." The speaker humorously referred to the fact that she was the only lady speaker on the program. In this she was somewhat surprised as on reading the program at the beginning of the convention she had noticed the name of Marion Lawrence but taken back somewhat to find out that this was a gentleman instead of a lady. She begged the indulgence of her hearers while she read her address which proved to be carefully prepared.

Many useful points were thrown out during the course of her address and the speaker has undoubtedly given the subject great study. She showed how the education of the child should begin at its birth and then went on to speak of the necessary qualities in a successful teacher, some of which are a good voice, a feeling address and must have a general knowledge of what you are teaching about. She pointed out the necessity of having children memorize passages of scripture. Loyalty to the church and country was something that should be instilled into the child and while we could not always say, this is my native land, we should be able to say this is the land we love.

Sunday School teachers should live throughout the week as they do at Sunday School. There should be no distinction between the week day life and Sunday life. The speaker declared to be successful teachers we must seek the aid of the wholly father.

books for the year 1897, over 500 more for 1898, while already this fall over 100 have been sent out in response to requests for same. (We have brought to the convention a large number of those who wish to be supplied now. They can be had in the afternoon at the close of this session.)

As quite a number of those who study do not purpose taking the examination they do not enroll with us, which makes it difficult for us to give accurate statistics of the number engaged in the work. It is safe to say, however, that they are numbered by the hundreds.

The Faculty of Alma Ladies College, St. Thomas, have now made it a part of their regular course of study and have affiliated with us, taking our examinations and receiving our diplomas. Negotiations with various other Ladies Colleges throughout the province looking to the same end are now in progress and we hope that several will follow the noble example set by Alma.

So much for the work we have done. Copies of our Syllabus have been watered through all the papers so that any who are not already conversant with the work can obtain from it all the information necessary to enter on the work.

And now permit me to again urge upon you the importance of this work. It is a work equally necessary to the teacher of the infant class and to the Bible class. The best teacher will be the better for it, while the poor teacher by its aid may become one of the best. If our Sabbath Schools are to do the work the Lord intends them to do, we dare not neglect this study.

The standard is being raised in every walk of life, education is becoming more general, our boys and girls are filling our high schools and colleges, and turning into our universities. Research, invention and discovery are more widespread than ever before, and unless they wish to become the laughing stock of their classes instead of being leaders in religious thought, our teachers must study and must be trained. The success, after the life of our Sabbath School depends on this being done.

The difference between the trained and the untrained worker in every walk of life is incalculable, and when we consider the brief twenty-four hours which is all the time we have for teaching in the year, it behooves us to utilize every moment to the fullest possible extent.

We do not permit our public school teachers to teach the rudiments of education until they have taken a long course of training, and now a further advance step has been taken, and now we are passing through our public schools, and high schools, and been graduated from our universities, our Government will not permit him to teach in our high schools and colleges until he has taken a further course of training in teaching methods in the school of pedagogy.

Verily verily the Lord will not accept our work in this higher realm if we do not bring at least equal preparation to it.

But even if you may say I have had time to give to this study. Brother, I am a great believer in the adage that where there is a will there is a way. I know how busy many of us are, but there are present here some of the busiest housewives of the Province, servant maids, farmers, and professional men who have taken the course and now hold our diplomas.

If we realized the value of the golden moments God gives us as well as we do the value of the money in our pockets we would not squander so many as we do.

Think how immensely successful men work in every walk of life. Edison for 15 years worked on an average 20 hours per day, and worked 52 years of age works between 14 and 15 hours a day, and he says if he had only five minutes to do a thing, he would wish to spend two minutes of this preparation. John Wesley translated the Greek Testament into English as he rode on horseback from one appointment to another. Saul a boy to his mother not long since "I wish you had a nice carriage like Mrs. Armistead's." She replied "my carriage is a very nice one and your father cannot afford one as new as Mrs. Armistead's, who is a millionaire's wife." The boy thought for a moment and then said, "I suppose Mr. Armistead has more money than papa because he goes down to work two hours ahead of papa every morning." The millionaire P. D. Armistead understands the value of moments in his business. Brothers the world is full of such instances of toil, and when these men work so diligently for corruptible things how much more earnestly should we work for heavenly things. Oh! if we would not build hay, stubble, straw, that shall be burned leaving us to be saved as by fire let us not be content until we give our heart to God. We need more enthusiasm. Men are desperately in earnest in business circles—hell is earnest. Why should not we be?

Whitefield the great evangelist, when reproached with his incessant

reports.

Mr. G. M. Lee, Toronto, submitted the following report in writing of the Normal department and of the examination—

The normal work was entered upon by the Sunday School Association five years ago, and while it has not grown as fast as we could wish, it is nevertheless now quite a sturdy five year old and exhibiting every sign of an increasingly rapid growth. It is no longer an experiment but is getting well known as we have students in nearly a hundred different places and in all parts of the province. Last year a greater number presented themselves for examination than ever before. The name examination, however, seems to be a bugbear to many as but a small proportion of those who study take the examinations.

An evidence of the interest that is being taken in the work, we sent for students over 800 of Prof. Hamill's

Situation Critical.

THE SIRDAR HAS FULL CONFIDENCE IN DIPLOMACY

He Left Paris for London this Morning—Rumor to the Effect that President Faure had been Assassinated is False

Paris, Oct. 27.—General Lord Kitchener of Khartoum, who arrived here yesterday evening from Marseilles, left this morning and will arrive in London this afternoon.

The statement this morning published in an interview with General Kitchener during the course of which the British officer is quoted as saying "I am only a soldier, and an ignorant of diplomacy, which is not my business. I hope the diplomats will succeed in settling amicably the difficulty. I can only praise the French, particularly Major Marchand, who received me at Fashoda with charming cordiality. I shall always retain a pleasant memory of that reception."

"The situation is rightly regarded as most critical; but I cannot approve of those who say war is the only solution. A calm, courteous discussion will give a solution acceptable to both nations. I have entire confidence in diplomacy, and perhaps my opinion of Major Marchand's exploit may contribute to the result which we all desire."

THE NEW CABINET.

Paris, Oct. 27.—Nothing definite has yet been settled in connection with the formation of a new French Cabinet. The air however is full of Ministerial rumors, in which the name of M. Ribot, figures prominently. He is said to be the favorite candidate of the President Faure, and it is generally believed that he will appeal to him to form a cabinet of Republican conviction, with M. Delcasse remaining in the Foreign Office. Such a Cabinet would not oppose a revision of the trial of Dreyfus. M. Ribot has always been regarded as being favorable to a resumption of the case.

A FALSE RUMOR.

Paris, Oct. 27.—A rumor circulated in London, that President Faure has been assassinated is false.

HOSTILITIES MAY BE RENEWED

London, Oct. 27.—It is stated that relations with Spain are strained.

Paris, Oct. 27.—After having referred to yesterday's session of the Peace Commission as no having arrived at any solution regarding the Cuban debt, the Gauls this morning said: "The situation is extremely strained, owing to the increasing aggressive attitude of the Americans, and it is even feared that if the Spaniards should not decide to give away on all points the negotiations will be broken off in the course of the next meeting. It seems unquestionable that the near approach of the American elections plays a considerable role in the attitude of the Spanish delegates who have supposed that gaining time would obtain better terms from their conquerors, while just the opposite is happening. Continuing, the Gauls insist that the Americans continue to show themselves intractable towards the Spaniards, a renewal of hostilities may possibly be the ultimate result, especially if the Spaniards today declare they have arrived at the extreme limits of favorable concessions."

The Gauls then add: "We hope, however, that matters will arrange themselves, as we know sufficiently well the sentiments of the American nation to be able to affirm that a new war would be regarded with disfavour by all men of common sense, and the Peace Commission would, in bringing it about, presume heavy responsibilities for the future."

SPANIARDS BACK DOWN.

Paris, Oct. 27.—The Spanish Peace Commissioners have accepted the view of the United States commissioners to wards the proposed assumption by the States of the Cuban debt.

A BLIZZARD OUT WEST

Blizzard and Gale Combine in Several of the Western States

Chicago, Oct. 26.—A wintry storm, which was centered over the southern end of Lake Michigan, prevailed throughout the Northwestern States during the past 24 hours.

To the west of Chicago snow fell to a depth of from 2 to 8 inches, and here, and to the east there was a heavy rain, which changed to a heavy wet snow at midnight.

A high gale from the northeast whipped the snow into a raging blizzard at many points. Telegraph wires were blown down at some places and telephonic service was demoralized.

Deep drifts which interrupted street car traffic and threatened to immobilize railroad trains and paralyze business,

placed some of the smaller cities in the grip of winter.

Some severity of weather was entirely unexpected so early, and has brought suffering to stock.

On the lakes the gale played havoc with shipping. Danger signals are up all around Lake Michigan, Lake Huron and Lake Superior. At several points on the lakes vessels were reported in distress, and the crews had narrow escapes from drowning. In Chicago harbor alone 25 vessels put in for safety.

The force of the storm was felt as far south as the Gulf of Mexico. At nightfall the rain that had been falling in the Ohio valley, the Central and lower Mississippi valleys turned into snow and soon a gentle winter blizzard was racing in these parts of the country. When the snow started the velocity of the wind increased.

The greatest drop in temperature reported in the south was at Austin, Texas, where the mercury fell 25 degrees in a few hours.

At Springfield, Ill., and Springfield, Mo., the temperature dropped 25 degrees during the afternoon at Evansport and Dubuque, Iowa, 25 degrees; and at Chicago, 25 degrees.

GIBSON GETS A SEAT

He is Elected in East Wellington by 600 Majority

Fergus, Oct. 27.—The election to fill the vacancy caused by the death of Mr. J. A. Craig, M. L. A., took place today, and resulted in the election of Hon. Mr. Gibson, by a majority of 600. The Liberals are again in the firing line.

London, Oct. 27.—The news from East Wellington, was received by the Premier and friends of the Liberal party, with great satisfaction.

It is thought the tremendous majority secured, Col. Gibson will fix South Ontario for Hon. Mr. Tupper.

TANNER ON HIS DELENCE

The Governor of Illinois Says He will Resist Importation of Foreigners

Chicago, Oct. 27.—A special meeting to the Times-Herald from Madison, Ill., says: "I reiterate that I will not tolerate the wholesale importation of foreigners into Illinois. And if I hear that a mob is to be brought into this State, such as was taken out of Virgil, I care not what nation it comes from, or for whom, I will meet it at the State line and shoot it to pieces with Gatling's guns."

So declared Governor Tanner in a speech delivered before 1,200 auditors gathered at the Knights of Pythias hall in this city. It was the concluding statement in an address largely devoted to the defense of his course in the recent military raid in Virgil. The Governor reviewed at great length the charges leading up to the raid. He held the operators at fault in their dealing with the strikers, and then reverting to the acts when the crisis came, said: "When the United States Government found it necessary and deemed it just to forbid the importation of foreign labor into this country I felt that was fully justified in the course 'look at Virgil'."

SHALL WE RETIRE OR NOT?

Miss Clara Barton Writes President Mc Quay on Red-Cross Work

New York, Oct. 27.—The following letter has been sent by Miss Clara Barton to President McKinley: "Dear Sir:—While we have received no official advice, according to recent newspaper dispatches, it appears, in addition to Manila, four other ports have been declared open to the introduction, free of duty, of supplies for the relief of the concentration camps and others in Cuba who are suffering from lack of food and other necessities in the life."

"If, with the cessation of hostilities between the United States and Spain, it is to be the intention of the Government to take charge of the distribution in Cuba, and complete the work of relief it would perhaps be best that the Red Cross retire from the field, by doing so it might cause some embarrassment to the other work. A fit is desired the Red Cross continue it will be of course necessary to make adequate preparation. We would therefore respectfully ask that we may informally concerning the wishes of the Government in the matter."

CLARA BARTON.

Orillia are Champions

At the Island, Ontario, yesterday afternoon the Orillia lacrosse team defeated Orangeville in the final match for the Senior Championship of the Canadian Lacrosse Association. Orillia have this year won the intermediate as well as the Senior Championship.

LINDSAY

It's really too bad! Here's the Montreal Witness bringing of a squabbling woman near Waterloo, and making a hero out of the farmer by printing his picture when an insignificant pippin only tipped the scales at 134 lbs. The Witness should be ashamed of its ignorance of important events occurring in this district; it should know, if it does not, that at the Lindsay Central fair held in September, Mr. Elias Caldwell, of Lindsay, exhibited a squabbling man, and a companion squabbling pig, the same event (tipped the scale at 176 lbs. The Quebec farmer exhibited to Mr. Caldwell for some of the seed.

Peterborough people will enjoy the theatrical event of the season on Saturday evening, when the "Gals" will be with them. It's a pity the above

Editorial Women's Choice of Garments for the View of Feminine Friends.

Woman shows her individuality more in her home gown than in any other article of her wardrobe. If she be truly luxurious, then will she reveal in a soft gown of silk and lace. If she be of an artistic temperament then will she have her home gown or dressing gown in perfect harmony with the colors of the room in which she means to lounge. If she be cheerful, then will she employ gay ribbons, flouting loops and corners of bright satin, and her robes will laugh with bright-lined silks and ruffles. If she be melancholy, then will she select soft greys and tender browns. If she be a realist, she will wear neat plainness.

Fashion has been kind to the lovers of comfort this season. Many valued and beautiful are the new gowns. A black and white dressing gown has a square yoke, from which falls a mermaid plaiting that looks like a solid black satin until it is checked out, when the white silk stripes show from the folds of the plait. The collar is of deep coral silk velvet. The angular lines of the robe are hidden by narrow white velvet and the long goblin blue satin front is covered with a fall of shimmering net lace. The lining is pearl white. No more queenly gown could be desired by a woman with modern taste and blue eyes.

Nonpareil complexion seem to require small patterned patterns, with combinations of light colors. When one is best defined by pattern, such as "not dark and not fair," decided colors are essential. For such a one a French woman-maker has suggested a Dresden silk—white ground with a pattern of blue and forget-me-not. A tea gown of this silk is made tight-fitting over the hips, with open fronts that turn back at the top and bottom in such a way that the entire front that is cut in two bands—one pink and one blue—alternates with double ruffles of lace. A wide fall of lace covers the upper part of the skirt and drape from the waist to the hem and a cascade of lace falls in the back from the neck to the edge of the hemline. Is it not delightfully conceived to provide over Dresden lace?

Pink and gold are the colors most extravagantly admired. An elaborate pink satin bodice with a wide lace collar is run through with a gold thread. The lace in the pattern have pale green streamers, a color that is repeated in the seven-pointed velvet collar. The lower edge of the bodice and the sleeve ruffles are cut in the collar in points. A cascade of lace falls in the back from the neck to the edge of the hemline. Is it not delightfully conceived to provide over Dresden lace?

Respectful, indeed, for the display of an exquisite arm and fine hair is the acorn-plaited tea gown. The plaiting falls from both neck and shoulders, with equal delicacy and grace. The dress is confined at the waist. The shoulders are covered with a strap of satin ribbon surrounded with a lace ruffle. The back collar is of wide lace ribbon, and in a double bow behind, with streamers reaching the length of the bodice. The sleeves are also ac
